

## GREECE-TURKEY VOTED \$400,000,000

STATE POLICE  
BUDGET ASKS  
200 NEW MENDUBIOUS LANSING  
SOLONS HOLD UP  
FINAL VOTE

Lansing, May 9 (P)—With dubious voices raised on the advisability of increasing the state police by 200 men, the house today deferred until Monday a final vote on a bill to appropriate \$3,178,535 for department operations.

At the same time, the House passed unanimously a measure providing \$3,641,337 to finance agencies in charge of conservation, recreation, agriculture and advertising. The bill passed without debate when the introducer, Rep. Arnell Engstrom, Traverse City Republican, assured members it "does not authorize any new positions."

## Present Force 681

Rep. Howard R. Estes, Birmingham, and Thomas J. Whinery, Grand Rapids, both Republicans, attacking the state police appropriation, declared the number of state employees has been "creeping up and up" over the years and called for a halt.

The bill would increase the present force of 681 to 886. The proposed appropriation compares to \$2,780,409 last year.

The increase was defended by the bill's introducer, Rep. Harry J. Phillips, Port Huron Republican, who declared that "the additional men are badly needed." He said the ways and means committee had already "cut the appropriation to the bone."

Rep. John P. Espie, ways and means chairman, ripped the vote deferral proposal, reminding members his committee had studied the appropriation "from every angle."

Without debate the House approved legislation requiring officers, organizers and employees of labor unions to be United States citizens. The measure was passed unanimously and sent to the senate.

Rep. Clarence E. Hoffman, Detroit Republican who sponsored the measure said its purpose was "to protect the rank and file of labor from wild-eyed aliens who condemn our system of government."

Legislation to recapture half of the \$325,000 oil and gas severance tax for the state general fund was advanced for final vote Monday night without debate. Part of the taxation committee's budget balancing program, the measure provides that the remaining half be used for county roads.

Detroit, May 9 (P)—An opinion by Attorney General Eugene F. Black tonight bolstered state Senate hopes that only \$300,000,000 in additional revenue would be needed to balance the budget.

Black's finding fitted in neatly with taxation committee strategy by which public school appropriations could be cut from \$114,000,000 to \$96,000,000 by computing the school aid appropriation

Income Tax Slash  
Of 10.5-30 Percent  
Proposed In Senate

Washington, May 9 (P)—The Senate finance committee voted today to cut income taxes by 10.5 to 30 per cent next July 1.

Over a full year's operation, committee experts estimated, the bill would save individual taxpayers \$4,000,000,000. They would reap only half of that saving, however, in the last half of 1947.

The smallest taxpayer will get the biggest percentage reductions if the bill clears the Senate, gets the approval of the House and President Truman, and goes on the law books. The big taxpayers, of course, would gain the biggest individual dollar benefits.

New withholding rates would take effect July 1. The bill approved by the Senate committee is an amended version of House Bill No. 1, introduced by Chairman Knutson (R-Minn.) of the ways and means committee, and passed by the House.

Chairman Millikin (R-Colo.) announced the vote was 8 to 5. The principal change from the measure passed by the House is the effective date—July 1. The House had voted to make the reduction retroactive to Jan. 1.

The Senate committee inserted a new reduction bracket giving persons with net incomes between \$79,728 and \$302,396 a tax cut of 15 per cent rather than 20 per cent as provided in the House bill. This scale of reductions is set up in the measure:

30 per cent for persons with net incomes (after exemptions and deductions) of \$1,000 or less.

A flat 67 "notch" reduction for net incomes between \$1,000 and \$1,396.

15 per cent for incomes from \$1,396 to \$302,396.

10.5 per cent on all incomes above \$302,396.

Persons over 65 years of age also would receive an extra percentage exemption of \$500, regardless of whether some of their income is tax exempt.

GIRL IS HURLED  
ON TRAIN TRACK

New York Coed Saved; Assailant Beaten Into Submission

New York, May 9 (P)—Hurled by a man head first into the path of an oncoming subway train, an attractive New York university coed was rescued by track workers today while horror-struck onlookers on the station platform seized her assailant and beat him into submission, police reported.

The man, Jack Didia, 28-year-old salesman, described himself as a veteran recently released from a mental hospital, police said, adding that he told them he had suffered a nervous collapse during his war service.

Bertha Pataty, 21, of Brooklyn was standing on the platform chatting with another student, police reported, when Didia, without a word, grabbed her under the armpits and hurled her screaming to the tracks.

Miss Pataty's escort, Merwin Wolf, 21-year-old NYU freshman, told police he grabbed Didia and knocked him down "and others came over and started hitting him."

Miss Pataty, who said she never had seen Didia before, was taken to a hospital where she was treated for shock, cuts, and bruises of the face and right hip. Her fall to the roadbed forced some of her teeth through her upper lip, and several stitches were taken to close the wound.

Didia was booked on a felony assault charge and sent to Bellevue hospital for observation.

Plasterers Pass Up  
Raise At Pt. Huron

Port Huron, Mich., May 9 (P)—Union plasterers here today passed up a 4 1/2-cent hourly raise, with a spokesman declaring their action was "our contribution to stabilizing building costs."

Officers of Local 10, Bricklayers, Masons and Plasterers (AFL), said the raise had been agreed upon recently in negotiations and would have become effective soon. The current pay rate is \$2 an hour.

## AMBER RULED OBSCENE

Washington, May 9 (P)—The postoffice department has ruled that Kathleen Winsor's novel "Forever Amber" henceforth will not be accepted for shipment through the mails. Roy Frank, assistant solicitor, said tonight.

Millikin told reporters he believes the bill can be reported to the Senate by next Tuesday.

The House estimated its bill would cut the individual income tax load \$3,800,000,000. The Senate set its estimate of the total reductions slightly higher.

Reporters learned from committee members that Senator George (D-Ga.) had voted with the seven Republicans on the committee consideration of the bill.

GERMANS QUIT;  
ASK MORE FOOD

Unionists In Hamburg Protest Shortages In British Zone

BY LYNN HEINZLER

Berlin, May 9 (P)—Trade unionists in Hamburg quit their jobs at noon today and with their supporters massed more than 100,000 strong before a red-draped balcony at union headquarters to protest food shortages in the British-occupied zone.

The demonstration occurred as German newspapers reported the daily ration in one city in the Ruhr had dropped to 650 calories daily—far below the 900 to 1,100 ration once handed out by the Nazis in their concentration camps at Buchenwald and elsewhere.

Union leaders who called the half-day Hamburg strike said it was the biggest rally of Germans since the end of the war. Local authorities placed 750 German policemen and 33 mounted officers around the five-acre open square into which the demonstrators crowded, but there was no disorder.

The British had held a company of soldiers ready for action in a nearby barracks.

All work ceased except in essential services such as food distribution and public utilities. Alfred Kummernus, chairman of the Hamburg Federation of trade unions, told the demonstrators "the bearable limit" had been reached. He said the workers would return to their jobs tomorrow.

UNION CURBING  
BILL REVAMPED

Complete Substitute Measure Framed By Democrats

Washington, May 9 (P)—In a stormy night session of the Senate, a group of 11 Democrats tonight introduced a complete substitute for the union-curbing bill the chamber has been debating two weeks.

Senator Murray (D-Mont.), offering it on behalf of himself and his colleagues, said it meets President Truman's suggestions on labor legislation and covers other matters as well. But he did not specify that there was any presidential agreement to accept it, nor indicate whether administration officials had a hand in its preparation.

His action followed an unusual session which Mr. Truman held earlier today with seven cabinet members and other aides on labor legislation. The word after that conference, however, was that it was concerned principally with the anti-portal-pay bill. The President's official family was reported split on whether he should sign or veto that bill.

Murray said one section meets Mr. Truman's recommendation that machinery be provided "whereby unsettled disputes concerning the interpretation of an existing agreement may be referred by either party to a final and binding arbitration."

He said another provision would carry out a recommendation of the President's labor-management conference that the U. S. conciliation be strengthened within the labor department. The pending bill would create a new mediation agency apart from the labor department.

## DESERT PAINTER DIES

Santa Barbara, Calif., May 9 (P)—Carl Oscar Borg, 69, best known for his paintings and etchings of Indians and desert scenes, died here last night. He was a native of Grinstead, Sweden.

SERVICE STILL  
SPOTTY OVER  
BELL SYSTEM

LONG LINES TRYING TO GET BACK TO NORMAL

New York, May 9 (P)—Long distance telephone service across the country remained "spotty" today, the American Telephone and Telegraph Co., reported, with only 1,500 of the 20,000 striking long lines union members resuming work despite a settlement of their dispute.

The AT&T, parent Bell system concern, said an effort would be made to provide service as nearly normal as possible over Mother's Day weekend, normally a period of heavy long distance traffic, but the prospects appeared extremely uncertain.

In announcing a reluctant approval of the long lines settlement last night, the executive board of the American Union of Telephone Workers, representing long distance employees, declared the union's members would not cross picket lines maintained by strikers still out.

The Three Western Electric unions have locals scattered throughout the United States and the possibility arose that the nationwide tieup might be prolonged considerably when Western Electric negotiations bogged down here today.

The union and company representatives will meet again tomorrow.

Two other unions—the Western Electric Employees Association claiming 22,000 members and the Association of Communications Equipment Workers, which says it has 11,000 Western Electric members—were negotiating with Western Electric in Washington.

## HOPEFUL IN MICHIGAN

Detroit, May 9 (P)—Government conciliators expressed guarded optimism today as further negotiations were scheduled in an effort to end the 33-day old strike of 18,000 Michigan Bell Telephone Co. employees.

"They're getting down to business and making an honest attempt to settle the strike," said Federal Conciliator E. M. Seonys.

Both sides have changed from former positions, he added after the meeting today with company negotiators and leaders of unionized traffic and accounting employees. Further negotiating sessions were scheduled between the company and traffic unionists, representing the largest group of the strikers. The Federal mediator indicated the main point of difference was between company insistence on a sliding scale of wage increases as opposed to the union's demand for an across-the-board pay boost.

Representatives of 5,000 unionized plant workers and company representatives met separately with Federal and state conciliators.

U. S. Conciliator Lee Kotin said there were "some indications" each side may give a little on the

(Continued on Page 12).

HUNGRY CHINESE  
BOMBARD SHOPS

Variety Of Riots Staged As Inflation Hits Price of Rice

BY TOM MASTERSON

Shanghai, May 9 (P)—Hungry for rice and angry at a government wage-freezing program, Shanghai Chinese staged a wide variety of riots, strikes and pit-downs today.

The demonstrations, intermittently in progress for several days, stepped up sharply as the continuing currency inflation pushed the cost of China's basic food far out of the reach of the average person.

Owners of most rice shops refused to open up, despite a promise by Mayor K. C. Wu of better police protection. One shopkeeper was arrested for firing a pistol at a mob. Other shops were bombarded with stones.

Three hundred rice sellers extensively damaged non-food stores because they said the proprietors had called them "rice worms."

The same epithet was attributed to a radio commentator, and the rice dealers assaulted the manager and damaged the station. Two thousand bus and street car workers in the former French concession took the day off for a parade. Seven thousand machine shop employees and 1,500 in the silk industry also demonstrated.

GERMANS HOARD FOOD—The announcement by Gen. Lucius Clay that he would use U. S. troops if necessary to collect food from farmers who have been trying to balk German food ministry officials resulted from situations like this when official, left, found canned food and meat hoarded. Farm family listens as he orders hoard seized for general use. (NEA Telephoto)

Half Billion Dollar  
St. Lawrence Seaway  
Measure In Congress

BY JAMES C. MUNN

AP Special Washington Service

Washington, May 9 (P)—Legislation to authorize construction of the half billion dollar St. Lawrence seaway and power development—and make it pay for itself through tolls—was introduced today in the House and Senate.

Fifteen senators, including senators Vandenberg (R-Mich.) and Aiken (R-Vt.), joined in sponsoring the bi-partisan measure in the Senate.

Rep. Dondoro (R-Mich.), chairman of the Public Works committee, termed the development "the master project of the North American continent," dropped an identical bill in the House hopper. So did Rep. Blatnik (D-Minn.).

CHAMPION MOM  
MOTHER OF 22

Six Taxicabs Transport Children To Party In Chicago

Chicago, May 9 (P)—It took six taxicabs to transport the Latoria children and their "World's Champion Mom" to a pre-Mother's Day luncheon today.

Mrs. Michael Latoria, 58, of Chicago, won that title in a nationwide contest when Jim and Dorothy McGuinn, authors of the humor book, "Parents Can't Win," looked about for a living prototype for their fictionalized mother of 21 children. Mrs. Latoria had 22, 20 of them living.

"Mom" sported an orchid corsage and sat at a huge table laden with wine and flowers and decked with a huge red and white cake and a giant's Mother's Day greeting card. The luncheon took the form of an Italian feast.

Mrs. Latoria and her husband, 64, cultivate 150 acres of farm land just outside Chicago. Both came to America from Italy when in their teens.

Their children—11 girls and nine boys—range in age from 13 to 38. Seven live at home, the rest in Chicago and its suburbs.

Among the gifts showered on Mrs. Latoria at the luncheon were a permanent wave, a new hat, a portrait, a cosmetic travel kit, and a table model radio.

But when the excitement was over, "Mom" had something even better to look forward to. The last of her six sons to enter service was due home from Japan "any minute now."

## ASKS \$110,000 DAMAGES

Chicago, May 9 (P)—A suit filed today in federal court asked \$110,000 damages of the Pere Marquette Railway Company for the widow of Allen B. Howay, 51, who was killed last October in the road's yards at Grand Rapids, Mich., where he was employed as a switchman.

HOUSE PASSES  
BILL TO HELP  
BALK SOVIETS

TRUMAN'S PROGRAM FOR PEACE WINS OVER CRITICS

BY ALEX H. SINGLETON  
Washington, May 9 (P)—A precedent-shattering \$400,000,000 measure to bolster Greece and Turkey against Communist domination was passed by the House tonight, 287 to 107.

Congressmen of both parties guarded it successfully from all attempts to deny the administration the right to use troops and military material in the effort. Other attempts to limit the program also were defeated.

Final approval followed four days of turbulent House debate dominated by angry legislative reaction to Russia's postwar activities, opposition cries that President Truman's program might mean war, counter claims that it would stabilize peace.

## Goes To Senate

The strength of those supporting the measure was apparent from the ease with which they beat back the amendments. And at the end, a motion by Rep. Hollifield (D-Calif.) to send it back to the foreign affairs committee for changes were shouted down. Hollifield could not even obtain a roll-call vote on his motion—he needed one-fifth of those present to support his request for a rollcall, and could muster only 47 votes of more than 300 present.

The measure returns now to the Senate, where it originally passed April 22 by a vote of 67 to 22, for action on minor changes made by the House. If the Senate refuses to agree to the House changes, the bill will go to a conference committee for adjustment.

## No Delay Necessary

In either case, there appeared no reason for any further material delay. But already the bill is a month and a half past the deadline the administration was reported originally to have set for its passage.

With official reports that the plight of Greece particularly is growing more acute daily as dollar credits are used up and British aid tapers off, the state department already has made plans to start the American assistance flowing as soon as Mr. Truman signs the bill.

A move by Rep. Lawrence Smith (R-Wis.) to refer the matter to the United Nations and permit American action only if the U. N. failed to move within 60 days collapsed on a standing vote of 137 to 65. Opponents of the measure had concentrated their strength on that.

And another proposal by Smith to trim the \$400,000,000 authorization by half was snowed under, 121 to 49.

The House also crushed all attempts to bar the use of military aid in the program of helping the two Mediterranean countries resist Communism.

All Amendments Lose  
By voice vote, it defeated a motion by Rep. Bender (R-Ohio) to narrow the aid to the two southeastern European countries to economic assistance alone.

By a teller vote of 122 to 70, it rejected a motion by Rep. Judd (R-Minn.), a former missionary, to prohibit American "combat troops" being sent as part of the aid. However, administration officials have said there is no intention of sending any combat troops.

## ARNTZEN FLIES TO CONFERENCE

Aeronautic Meeting To Open Today In Lansing

Walter Arntzen of the Pioneer Aviation company hopped off yesterday with the twin-engine Cessna for Lansing, where he will attend the annual Michigan Aeronautic conference. He was accompanied by Jack Veith and Stanley Long of Marquette and E. Mortan of Baraga, flying service operators.

Theme of the conference, planned by Col. Floyd E. Evans, state director is "The Air Age In Michigan."

Some 3,500 invitations were sent on instruction of Col. Evans to civic-minded persons and organizations throughout Michigan. It is expected that the meeting will be the largest of its kind ever held in the state.

Governor Kim Sigler, who last week received his private pilot's license, will be toastmaster for the conference dinner Friday night. Speakers will be Wayne Parrish, editor and publisher of several aeronautical magazines who recently completed a world inspection tour of airline terminals and bases, and William T. Piper, president of Piper Aircraft corporation.

Luncheons will be held today in the Hotel Olds. William B. Stout was toastmaster on Friday and Thomas E. Walsh, commissioner, on Saturday. Speakers today will be Robert M. Averill, regional vice-president, Capital Airlines; Dr. N. L. Englehard, director of Air Age Education research, and Mrs. E. S. Olson with the Ministry of Education in England, and who is in this country studying programs of air age education.

## Marquette Post At Prewar Level

Marquette, Mich. — Twenty-four-radio service is now being maintained by the Marquette state police post, which has been expanded into a nine-man post through the reorganization effected recently by the state headquarters in Lansing.

Under the command of Sergeant James Smith, transferred here from South Haven May 1, the post now is at a prewar level of strength. Smith has conferred frequently with Captain C. W. Robertson, Upper Peninsula district commander, discussing plans and policies for operation of the post.

Under Smith are Corporal Richard Arnett, second in command; Troopers Clarence Haight, Clare Jensen, Joseph Massoglia, Edward Olson, John Pollard and William Teddy, and a probationary recruit, Edward-Lenon.

Corporal John Carstensen, in charge of the sub-station at Munising, also serves under Smith.

## Menominee County To Act On Airport Buildings In June

Menominee, Mich.—The Menominee county board of supervisors at its next meeting in June, or at a special meeting in the meantime will determine whether county-owned or privately-owned buildings shall be erected on the new Menominee county airport on Park avenue.

At a meeting of the airport committee this week it was agreed that the following two proposals would be laid before the supervisors when they next meet:

- 1—Shall the county build an administration building at an approximate cost of \$10,000?
- 2—Shall the county build a combination administration-hangar-shop building at a cost of between \$15,000 and \$20,000 and lease this building to the highest (rental) bidder?

If these proposals are rejected by the board, then the airport committee will recommend that land on the airport be leased to any aviation company or base operator who cares to provide the necessary facilities, but with the provision that this land be under short-term lease and with the county reserving the right to claim possession of the buildings upon payment of their depreciated values.

## Robbins Flooring Mill Employs 44

Ishpeming—With 44 men employed on the job, construction of the Robbins Flooring Mill company's new plant, West Greenwood street, is progressing steadily.

Herman Stueck is the engineer in charge for the Edward H. Meyer Construction company, replacing Henry Ulmen, who had been in charge since the start of the project. Ulmen has been transferred by the Meyer company to a job at Appleton, Wis.

After being curtailed two months because of snow, building operations at the Robbins plant were resumed about a month ago. Two more buildings are nearly completed and work has been started on a third.

More than half of the blind people in the United States are more than 65 years old.

## 4 MORE MEN JOIN GUARDS

Strength Of Delta Unit Is Increased To 25 Men

The strength of Company C, Delta county's National Guard unit, was increased to 25 this week with the enlistment of four more Escanaba men.

Company C is conducting a recruiting campaign to become qualified for attendance at Camp Grayling July 12-26 along with other companies in Upper Michigan.

Present strength of the unit is two officers and 25 enlisted men, compared with an authorized membership of five officers and 129 men.

## New Members

New members are Wallace Posenke, 1503 Washington avenue; Ray Rabitaille, Stephenson avenue; Daniel E. Bergeon, 608 South Eighth street, and James O. Henry, 806 Third avenue South.

"Regardless of our strength May 15, at which time it will be determined whether we are eligible to attend field training at Camp Grayling, we will continue to recruit to build up the company," Capt. Roy Johnson, commander, said yesterday.

"We want all qualified men in Delta county to consider seriously the opportunities that membership

in the National Guard offers," he asserted. "We intend to make this a company that everyone will be proud of. We intend to have a social and recreation program to go along with the regular military training, and every man in the county who is qualified to join will have the chance to do so."

## See Sgt. Erickson

"Those eligible are men between 18 and 35 with or without previous service and men 35 to 45 with previous military service. At present we are drilling each Monday and Thursday nights—twice a week—which means that men are earning from \$5 to \$13 a week for only four hours of drill."

Enlistments are being accepted at the Army recruiting office, 1215 Ludington street, where S-Sgt. LeRoy Erickson is on duty every afternoon from 1 to 5.

## Menominee Opera House Is Sold

Menominee, Mich.—Maurice E. Cammack owns the Menominee theater. City council last night in special session voted 12-1 to sell him the former opera house for \$15,000.

The offer was the only one before the council at the time because previous to the sale aldermen rejected an offer of Dr. F. S. Nicholas and voted to return his check for \$1,000 presented Monday to attest a \$20,000 offer.

The special meeting was called to name a city engineer and other business, and Ald. Arthur Rowe offered a motion, supported by Ald. E. E. Erdmann, to return Dr. Nicholas' check. It was adopted unanimously.

## Briefly Told

**Two Grass Fires**—City firemen yesterday extinguished two grass fires, one reported at 12:55 p. m. at the residence, 1107 South 23rd street, and the other reported at 2:18 p. m. at 1500 Lake Shore drive. There was no damage.

**Bicycle License**—Bicycle owners in Escanaba are warned by the city police that they must have 1947 bicycle licenses before next Monday. Beginning next Monday, police said, owners of bicycles without new licenses will be apprehended.

**Returns From France**—Henry Drost is visiting his sister and brother-in-law, Mr. and Mrs. John Butryn, Schaffer, having just returned from France, where he was stationed for one and one-half years with the Army Transport Command of the Army occupation forces. He has been discharged from service.

## Passenger Hurt In Auto Mishap

Ledlie Johnson, 33, sustained a possible fracture of his nose and cuts about the face Thursday night when an automobile in which he was a passenger was involved in an accident on county road 426 near Groos.

Johnson was riding as a passenger in an automobile driven by David Williams, 21, also of Cornell. Williams' car struck a pickup truck driven by Raymond L. Rohde, 33, Rte. 1, Gladstone, when Rohde turned his machine off the county road into the driveway of his home. Williams' car was about to pass Rohde's truck when the accident occurred.

After striking Rohde's car, the Williams machine careened off the road and into an apple tree. The accident occurred at 11:40 p. m.

Seven of the sons of Moulay Ismail, emperor of Morocco from 1672 to 1727, assumed the title of emperor.

New designs in glass bottles include one which is difficult to tip over.

Queen Elizabeth of England issued a decree in 1596 licensing the use of blue laundry starch.

## TAX COMMITTEE MEETS MONDAY

Appointments Are Made  
By Probate Judge  
W. J. Miller

Probate Judge W. J. Miller yesterday announced the appointments of Helmer J. Skogquist, Gladstone; C. Gust Peterson, Escanaba; and Marvin L. Coon, Escanaba, as members of the county tax allocation committee.

Other members of the committee by virtue of their office are R. C. Pryal, county treasurer; Hagle Quarnstrom, county school commissioner; and C. W. Stoll, chairman of the finance committee of the county board of supervisors.

Skogquist was appointed as the public representative on the committee. C. Gust Peterson was named to represent the Escanaba schools and Marvin L. Coon to represent the City of Escanaba.

The committee will hold its organization meeting Monday at the courthouse.

## Polio Campaign Message Will Go To All Schools

As part of a nation-wide campaign to bring home to every parent facts about polio, the Delta County Chapter of the National Foundation for Infantile Paralysis will distribute a pamphlet about the disease to every school child in the county. Chapter Chairman Leslie W. Olson said yesterday.

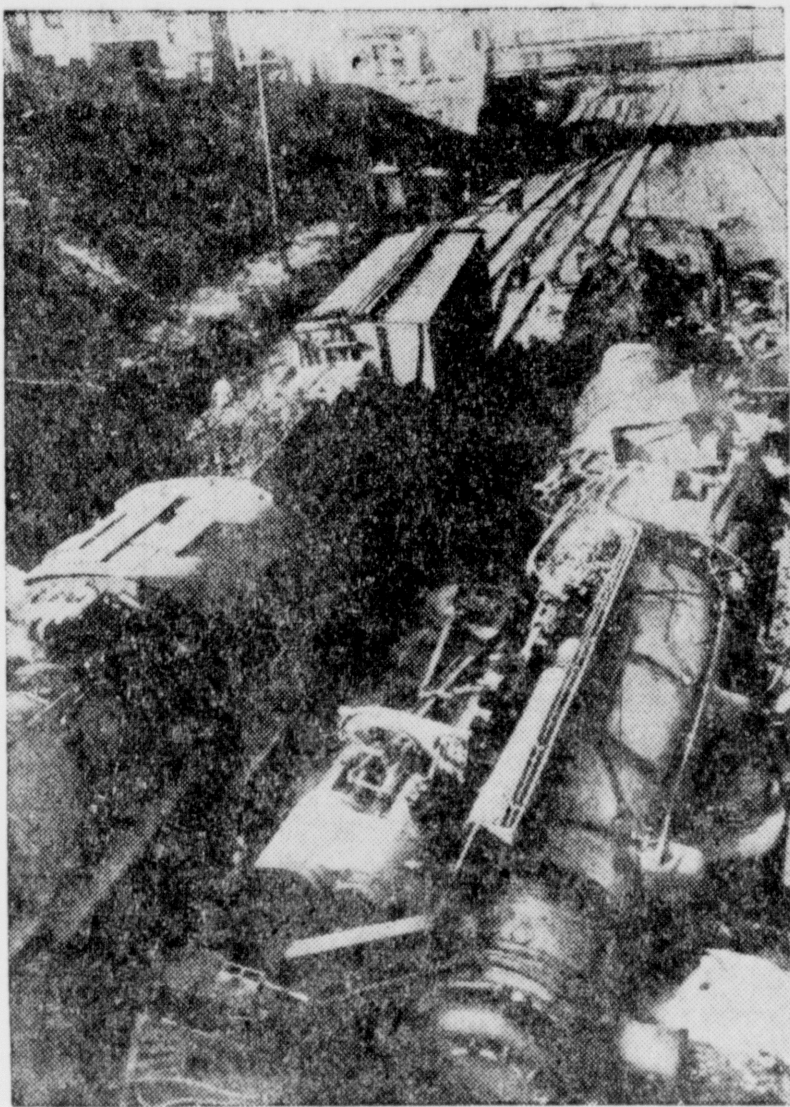

Entitled, "A Message to Parents About Infantile Paralysis" the bulletin lists polio precautions to be observed during the epidemic season, describes possible symptoms of infantile paralysis, and offers practical advice for the guidance of parents in times of polio epidemics.

Concerning the distribution of the facts leaflet, which has met with the approval of each of the 48 State Departments of Education, Mr. Olson said:

"This project, designed to allay fear and panic, merits the endorsement of every one interested in the welfare of the nation's youth. I hope, indeed, that this program meets with richly deserved success. It is timely, it is important, and it is a fine forward step in bringing to the American people the facts they need and must have."

It is planned to have distribution completed before the end of the school term in June, the month which in the North temperate zone generally sees an upswing in polio cases that continues until the latter part of August or early September. Last year, the largest polio year in three decades, 25,204 cases were reported, making it the fourth consecutive year of high polio incidence in the nation.

"Distribution of the bulletin for parents should prove of genuine help during the forthcoming polio epidemic season," Mr. Olson said, pointing out that "increased public awareness of the facts about polio should lead to prompt action when polio strikes, thus helping to minimize exaggerated fears and insure better

## Corbett Resumes City Engineer Job

Menominee, Mich.—James I. Corbett, who served as Menominee city engineer from 1940 to 1942 and then went into Army Engineers service, last night was named city engineer and building inspector to fill the unexpired term of George Brissette, who resigned May 1.

The appointment by Mayor Eickmeyer was unanimously confirmed by the council.

Mayor Eickmeyer, at the regular meeting Monday night, passed the

community precautions. It is estimated that of infantile paralysis victims in this country, 50 per cent recover completely, 25 to 30 per cent show slight residual paralysis, 15 to 20 per cent show marked after-effects, and five to 10 per cent die.

## Obituary

**MRS. LAVINA BERGEON**  
Funeral services for Mrs. Lavina Bergeon will be held this morning at 9 o'clock at St. Ann's church, with Rev. Fr. Sebastian Maier officiating at the funeral mass. Burial will be in St. Ann's cemetery.

**JOHN D. SHACKELFORD**  
The body of John Dudley Shackelford, of Schaffer, who died Thursday, will be in state at the Anderson funeral home this afternoon. Services will be held Monday afternoon at 2 o'clock at the funeral home chapel, with Rev. Karl J. Hammar of the Central Methodist church officiating, and burial will be in Gardens of Rest cemetery.

**MRS. CHARLES CHAISON**  
Funeral services for Mrs. Charles Chaison were held at St. Patrick's church Friday morning at 9 o'clock, with Rev. Fr. Martin Melican, celebrant of the requiem high mass. Burial was in Gardens of Rest cemetery.

Honorary pallbearers, of St. Patrick's Guild were Mrs. Herbert Barry, Mrs. Henry Cloutier, Mrs. Claude Raymond and Miss Anna Shields, and the honorary pallbearers of the Daughters of Isabella of Trinity Circle, of which Mrs. Chaison was a charter member, were Mrs. John Bawden, Mrs. Kelly Johnson, Mrs. E. M. Vandenberg, Mrs. Mary Beyersdorf, Mrs. Axel Anderson and Mrs. Fred Derocher. Active pallbearers were T. C. Curran, Alfred Baker, Edward Cox, Herbert Barry, James A. Colbert and Edward Finn.

Those attending the funeral included Charles Chaison, Jr., of Oshkosh, Wis.; Mr. and Mrs. William J. Tobin, Ishpeming; Mrs. Margaret Simcox, Calumet; Mrs. Kate Boyle and Mrs. Irene Rob-

erts, Chicago; Mrs. Catherine Miller and daughters, Mary Catherine and Margaret; Mrs. George Dorin, Miss Bid Boyle and Dr. F. M. Boyle and son, of Marinette; Lee Russell, general chairman of the B. of L. F. and E., Chicago; Mrs. James Mikolasek, Menominee; and Mr. and Mrs. Robert G. Hewitt and Mrs. A. C. Bauer, Manitowish.

## Fred H. Nugent Dies At Oshkosh

Fred H. Nugent, a former resident of Escanaba, died Thursday night at the Alexian Brothers hospital in Oshkosh, Wis., his death caused by illness attributed to his advanced age.

Mr. Nugent is survived by several nieces and nephews, among them, Mrs. T. J. Daly, Mrs. A. E. Ellsworth and Mrs. Nancy Thom-

as of this city. Funeral services, which Mrs. Ellsworth and Miss Mary Hermes will attend, will be held at Menasha, Wis., at 2 o'clock Monday afternoon.

## Kaufman Heiress Weds Sixth Time

Carson City, Nev.—Mrs. Joan Kaufman Ladd, much-married daughter of the late financier, Louis G. Kaufman of Marquette, Mich., and New York City, disclosed yesterday she had married for the sixth time.

She said she married John Charles Martin, former manager of her father's Michigan ranch, after obtaining her Reno divorce last week from William F. Ladd, wealthy New York and Florida realtor.

Her former husbands include George Drexel Biddle and J. W. Wintersteen, both of Philadelphia society, and Frank Polk, Reno

## \$41 In Prizes In City Bird House Contest

Merchandise and cash prizes totalling \$41 will be awarded in the citywide bird house building contest being conducted by the city recreation department.

All entries must be turned in to Jerome Deloria at the recreation center by 5 p. m., May 15. They will be judged on construction and suitability for birds' use.

Boys and girls still desiring to enter should get busy on their bird houses, Deloria said yesterday. Entries will be exhibited at the recreation center for a week, and the five best then will be displayed at downtown store windows.

## Butterscotch Chiffon ICE CREAM

Special at Fairmont Dealers right now—Butterscotch Chiffon Ice Cream!

Talk about tasty! Fairmont's delicious smooth cream vanilla with real butterscotch folded into it.

Just the treat for dessert tonight. Order some today.

## Never before such a kitchen for cooking!

Here it is! Your beautiful ultra-modern new Gas range that gives you the best in cooking results with no old-time cooking cares.

No clock watching—complete oven dinners cooked automatically by a simple clock control. Gas turns on and off...yes, even when you're miles from home!

No guesswork—automatic thermostat sets and keeps any oven temperature from 250° to 550°.

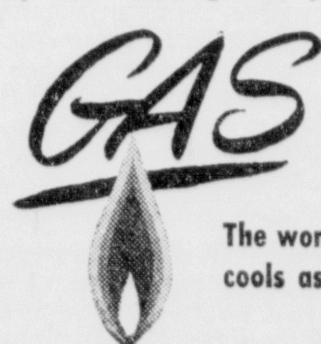

No "half-baked" cakes—oven is ventilated so that heat circulates evenly on every level.

No "stewed steaks"—a Gas broiler really broils...flame-seals rich red meat flavor.

No lingering after-heat—cooler top-of-stove cooking with the flame that's out the second you turn it off.

No messy cleaning—burners won't clog from boilovers. Pan bottoms stay brighter.

And remember! The one sure way to get all these advantages of modern Gas cookery...is to look for this "CP" seal on any "make" Gas range before you buy!

The wonder flame that  
cools as well as heats

## Insist on the Laboratories Seal!

When you see the Laboratories Seal on a gas appliance, you know immediately that the appliance fully meets nationally recognized construction and performance tests... tests adopted by the American Standards Association.

The Laboratories Seal is your check on 1. Safety, 2. Satisfactory Performance, 3. Durable Construction.

### No Universal Training

ON THE second anniversary of V-E day, President Truman once again picked up the cudgel for universal military training, announcing that he will press for passage of a conscription bill before the adjournment of congress in mid-summer.

The American people traditionally have opposed universal military training in peacetime and undoubtedly a majority of the people are opposed to it now. The benefits of such a program from the standpoint of national defense are doubtful compared with the tremendous cost of maintaining universal training. Also, universal military training in the United States would serve to create suspicion abroad that America is embarking on a program of aggression, giving substance to the vicious propaganda emanating from Russia.

We must maintain a strong regular army and navy and develop our voluntary military and naval reserve organizations in the interests of national defense. By maintaining our military forces on a volunteer basis, we are attaining the strongest morale and the best efficiency possible. We will destroy all that by adopting universal military training that forces thousands of young men into uniform against their will in peacetime, many of them without the aptitude to make good soldiers or sailors.

A year's training under national conscription now will be of small value in any war a few years hence. The progress of military science is so rapid that today's weapons and training methods are out-moded tomorrow.

All that universal military training will accomplish is to saddle the American people with a greater debt and establish a military hierarchy that will constitute a threat to our traditional American way of life.

Aside from the maintenance of a strong regular army and navy and their component reserve forces, we can do more for our national defense by encouraging educational advantages for our people than by invoking the un-American principle of national conscription.

### Soviet Propaganda

WHY are the government-controlled propaganda services in Russia carrying on an organized campaign against the American press?

The Russian newspapers and radio stations, echoing the viewpoint of the Communist government, have been critical of the American free press for years but recently the Soviet press has accelerated its efforts to discredit American newspapers in a full-fledged campaign.

The reason, of course, is that the American newspaper publishers and the American free press have launched a program designed to establish freedom of the press all over the world. Specifically, American newspapers want guarantees of freedom of information in all countries and are seeking these guarantees in peace treaties now being written. They have carried their fight, too, to the United Nations organization.

Under the Soviet dictator system, press freedom is prohibited. Dictators, whether in Russia or elsewhere, know that the privilege of a free press destroys the dictatorial control over the people. In every land where dictators are in command, the government has taken over control and command of the newspapers, radio and other media of propaganda.

The Soviet press and radio has been propagating vicious lies against the American people, the American government, the American capitalist system, a campaign directed by the Communist dictatorship. It is a campaign blandly designed to engender hate among the Russian people for everything American. One of the purposes of this campaign is to resist the efforts of those who are fighting for a world-wide freedom of information as the best means of preserving world peace.

### Iron Ore Research

GLOOM that is repeatedly being created by announcements that the rich iron ore deposits of the Mesabi range will be dissipated within 10 to 20 years is also being erased by the news that the iron and steel industry is seriously considering the problem of low grade ore utilization.

Emulating the efforts of various companies operating on the Mesabi range, the Jones & Laughlin Steel Corporation of Pittsburgh is now erecting a quarter million dollar research laboratory and pilot plant at Negaunee. The research facilities will be placed in operation early this summer with experiments and studies in the beneficiation of low grade ore.

Since the iron ore that is shipped from the Marquette and Menominee ranges to the Escanaba docks provides considerable employment here, it is encouraging to learn that an earnest effort is to be made to utilize low grade deposits in this section of the Upper Peninsula. The supply of high grade ore, which was extracted at a rapid

rate during the war, is reaching the low point in the Upper Peninsula, but there are millions of tons of the lower grade material. If it can be utilized economically, it will mean that the mining industry will continue to furnish employment for many decades to come.

### Court Division Sidetracked

THE proposal introduced in the Michigan legislature to install two circuit judges in the 25th judicial circuit, which includes Delta county, apparently has been sidetracked, and for a good reason.

When the house sub-judiciary committee called for a hearing on the proposal, no one appeared to speak in behalf of the proposal. There just was not any appreciable demand in the 25th judicial circuit for the installation of an additional judge in the five-county circuit. The proposal was offered primarily as a political maneuver, apparently in the hope of landing a job for a defeated candidate in the recent judicial election.

Neither the newly elected judge, Glenn Jackson of Gladstone, nor the retiring incumbent, Frank Bell of Negaunee, had been consulted regarding the matter. Contention of Rep. James Goulette of Iron Mountain, sponsor of the bill, that the present judge is overworked is not borne out by Judge Bell, who has served the circuit so ably for so many years. Judge Bell informally reported that he has been able to conduct all of the judicial affairs of the district and still have several months a year of free time.

The Goulette bill apparently has been sidetracked for more important legislation confronting the state lawmakers.

### Other Editorial Comments

#### BAD BOYS AND GIRLS

If any well-fed union boss wonders why so many people are so sick of union tyranny and bluff and bluster and unreasonable demands and why the voters last Nov. 5 elected a Congress that would make much-needed changes in labor laws, we refer him to the antics of a picketing gang last week-end.

First the pickets paraded in front of a Cass avenue rooming house where lives a telephone worker who has been working despite the strike. Next they went, blatting sound truck and all, to a Canton avenue house where they thought another working girl lived. Pickets piled out and paraded, and the sound truck screamed — until the householder explained that the girl target of the pickets didn't live there any more.

Only two results can come of this non-sensical act: The neighbors are annoyed; the pickets' targets are embarrassed. The pickets are bad little boys and girls who ought to be spanked.

And incidentally, what ever became of the Constitutional right of a woman to work if she wishes?

#### UNRESTRICTED LOCKS

Decision of U. S. Engineers to remove wartime restrictions at the Sault locks means a gain as well as a loss to Sault Ste. Marie.

Removal of restrictions restores the locks to prewar status. Visitors will enjoy practically unlimited freedom.

However, the loss of the conducted tours constitutes a serious blow. Without doubt thousands enjoyed the leisurely walk around the government installation while lockmen who know what it's all about explained the marvels of the marnie elevator.

Likewise recognition must be given to the U. S. Engineers for their splendid park restoration, their elaborate rest rooms, the observation towers and other contributions to make the locks system attractive to us and our guests. For these things we thank the Engineers.

The removal of restrictions will be regarded generally as a feather in the cap of Mayor Hunt who has campaigned steadfastly for unrestricted ingress of the locks, yet it must be admitted that the dominant motive of the U. S. Engineers was the safety of the visitors.

Let us now bury the hatchet and go on from here in a spirit of cooperation.

### Take My Word For It

Frank Colby

#### WHAT'S THE ORIGIN?

Q. We use "dear" as a term of affection or high regard. Why, then, do we say of something very expensive that it is too "dear"?—M. N.

A. The original word was the Anglo-Saxon *deore*, "precious," therefore, "costly." To *deore* was added the Anglo-Saxon suffix *-ling*, producing the word *deorling*, which became the English word *dearling*.

In a similar manner the Latin word *carus*, "dear, beloved, costly," evolved into the French *cher* (masculine) and *chere* (feminine), which mean "beloved, costly." There is no suffix *-ling* in French; therefore the French equivalent of *dearling* was

## World Events Analyzed

BY MARQUIS CHILDS

Washington —An election that is coming up in the near future promises to provide a significant test on at least two of the issues troubling most Americans in this time of world unrest.

Childs

A Republican, Fred Norman, was elected last November. He died suddenly during the debate on the labor bill in the House. The primary election is set for May 17, and on June 7 an election will be held to fill the now vacant seat.

#### —TROY FAVORED TO WIN—

In many ways the primary contest is as hot as the election campaign promises to be. The Democrat rated as likely to win is Smith Troy, the Attorney-General of the State. Troy was re-elected Attorney General in 1944, while he was fighting in France with the famous 36th Division. He has gone all out for the Truman doctrine of aid to Greece and Turkey to confine Soviet expansionism.

His Democratic opponent in the primary is Charles R. Savage, who represented the third district for one term until he was defeated by Norman. Savage, in his Congressional career, was closely associated with a Congressman from a neighboring district, Hugh De Lacy. De Lacy was also defeated last fall, in a bitter contest in which he was charged with being a Communist fellow-traveler.

In New World, his weekly paper, De Lacy announced recently, with a banner headline, that Savage was a follower of Henry Wallace and was opposed to the Greek-Turkish program. While Savage qualified this somewhat in an interview, as contrasted to Troy he is in opposition to the Truman proposal. Thus, the coming Democratic primary should give some indication of opinion on this all-important issue.

There is no such sharp division in the Republican primary. The candidates are Russell Mack, publisher of a paper in Hoquiam, and State Senator Herbert Stier. They are both in the regular Republican tradition.

When it comes to the choice between a Republican and a Democratic candidate, the Democrats will work hard to focus attention on the drastic cuts in Congressional appropriations for public power, for reclamation and soil conservation. They will put the blame on the Republican majority in Congress.

#### —MORSE LEADS FIGHT—

Republican members of Congress from the Great Northwest are insisting that they wanted to prevent the cuts but were powerless to do so. The Democrats, however, intend to make use of a record vote in the House which they take as a test of intention on restoring the money slashed out of the Department of the Interior appropriation. On that vote, Rep. Henry M. Jackson was the sole representative from Washington recorded for restoring the appropriation. Jackson is also Washington's sole Democrat in the House to survive last year's Republican sweep.

The election in the third district should, therefore, furnish something of a test on the Republican economy program. While the Republicans from the Northwest may seek to qualify their own stand, it is clear that the Republican Congress is following a definite pattern in clipping each request that comes from the administration. More often than not, this is done with an axe rather than a pair of shears.

The Northwest is particularly vulnerable on the issue of appropriations for public power and reclamation. The tradition of public power out there goes down to the grass roots of local granges and the trade unions.

Senator Wayne Morse of Oregon, most articulate of the Republican Liberals in the Senate, is leading a fight to restore the cuts in the appropriation to complete the Bonneville Dam project. Morse says that the big new aluminum plants actually need more power than is now available. He is frank in saying it is an issue between private power interests in the east and public power to develop the great Northwest.

The final vote on Bonneville and the other cuts will come before June 7. They will be closely studied by the voters who must decide Washington's significant contest.

formed thus: cheri, masculine, cherie, feminine.

Now the French *cher* ("dear") did not enter English in exactly that form. But we did borrow *cher* and attach the Anglo-Saxon *-ish* to it, producing the hybrid word *cherish*. Also, we borrowed the French word *charite*, which meant originally, "love of God and humanity" (from the Latin *caritas*, "dearness, high price"), and which became the English word *charity*.

The Latin *carus*, "dear, costly," entered Italian as *carezza*. This entered French as *caresse*, which, in turn, became the English word *caress*.

Sweetheart is a strictly English word which evolved from the Anglo-Saxon *sweohte*. The idea of a beloved person's being a "sweet heart" also in English. The French equivalent is *amoureux* (feminine, "loved one"), *amoureux* (masculine). The Italian equivalent is *innamorata*, from *amore*, "love." The Spanish term is *querida* (feminine), from the verb *querer*, "to desire." The usual German term is *Schatz*, which means literally "treasure."

Germans also use the words *Herzchen*, "little heart," and *Geliebte*, "loved one."

### Method in Russia's Madness?

### Good Morning!

By The Bugler

A QUIET TOWN —A recent news report from New York cites a story from the magazine *Bus Transportation* in which it is revealed that Boston is "the nation's quietest city."

Dunathan

Boston is a quiet city, the report continues, logically enough, "because its population goes to bed earlier than others."

You might wonder why the magazine *Bus Transportation* would be interested in a town like Boston where people go to bed early and apparently do not like to ride in buses after 9 p. m. But the ugly hand of commercialism shows itself in the second paragraph of the story, when it is revealed that Los Angeles is the second quietest city in the U. S. "because most of its transportation is by bus."

There you have the whole purpose of the little story—to tell the world that Boston may be a silent city because its people pull up the sidewalks early in the evening, but if you want high life in a quiet way, go to Los Angeles where they have buses.

YOU COULDN'T HEAR IT —Other cities given the sound test and also discovered to be reasonably quiet places were New York, Duluth, Portland, Denver, Nebraska City and Tallahassee.

Somehow the sound technicians didn't get around to one little town we used to know. It was a town so quiet it wouldn't have registered a decimal or a dulcimer or whatever it is they measure sound with. A sound technician in a closed car, going through with his earphones on his head, couldn't have told whether he was in the heart of the village or out in the country—unless the storekeeper started tearing the head off a barrel of salt herring.

Why, it was so quiet in that town that when the Greyhound bus went through everybody woke up.

COMPARATIVE NOISE —What we are trying to point out is that a town or a city is just naturally quiet or noisy, depending on its people, and there is nothing that buses or lack of buses can do about it.

The temper of the people in a community is in no way better revealed than in the amount of noise it makes and enjoys.

Generally a bustling and energetic people results in a town complete with noises both necessary and unnecessary. We mean by this that people who are naturally noisy and extrovert do not object to noises made by other extroverts. In fact such people object to living where it is quiet and are nowhere more uncomfortable than when they are surrounded by the peaceful quietude of nature.

There are the other kind of folks who love solitude and detest noise. They are quiet and retiring themselves and like to live in a community that suits their temperament. They are the folks who walk quietly, seldom shout, always turn the radio down, and never blow a car horn unless it's necessary. They like to go to bed at a reasonable hour and object to young bloods (and older ones, too) when they toot auto horns, or sing and shout on their way down the street.

Obviously two such opposite groups of people should not live together. The former should move to Chicago or Detroit, and the latter to Boston.

### INTO THE PAST

Ten Years Ago

Washington —A senate torn between the urge to economize and to spend, heard Senator Tydings (D-Md.) declare today that another depression is in the offing and that the nation must economize to prepare for it.

Decision to make application for Smith-Hughes aid in the home economics department of the junior high school was made at a regular meeting of the board of education held last night at the junior high school.

Washington —Operation of the larger types of modern airliners would be barred from the Escanaba airport under terms of tentative airport regulation drafted by the Bureau of Air Commerce and expected to be approved and put into effect this fall, it was learned today.

Twenty Years Ago

School children throughout Delta county are exhibiting a keen interest in the contest being held by the park commission for the purpose of selecting a name for the recently acquired tract of land along the Escanaba river near the Chemical and Extract plants.

Joliet, Ill. —A plot to free several hundred inmates of the old state prison here was frustrated today with the arrest of a man garbed as a priest, who applied for entrance to the grounds.

Entries in the "Better Crops" contest being staged jointly by the Upper Peninsula Development Bureau, the Escanaba Chamber of Commerce under the direction of J. E. Turner, county agent, are coming in slowly, it was announced yesterday.

Poplar Bluff, Mo. —After two days of suffering and stress caused by a tornado which virtually demolished the business section and took 100 lives, Poplar Bluff tonight began to bury its dead.

YOU CAN'T TELL —Incidentally, whether a town is quiet or noisy is no indication of the virtue of its residents.

There might be some who will disagree and say that Boston with its bluebloods is probably the most law-abiding city in the nation, and point to *Bus Transportation* magazine's report that Bostonians retire at a reasonable and proper hour. On the other hand there is Los Angeles, the second quietest community in the country, which has the highest traffic accident rate per capita of any city, and is currently noted as a national center for mutilation slayings.

And then there is Hurley, Wisconsin, now a town of wide-open virtue and once equally infamous for its brothels and gambling dens. Yet even in its heyday Hurley was a quiet little place considering the amount of hell going on there.

THE HAPPY MEDIUM —Since we have cited the two extremes in temperament: Those people who love noise and those who don't, we might as well take a broad jump into the middle and declare ourselves for the happy medium.

Escanaba is just such a medium town, although we will not go so far as to call it happy. There is the usual amount of industrial noise, including factory, boat and train whistles; a fancy assortment of "people noises," such as shouting, whistling, singing, and screaming; and its own type of traffic noise—jumpy speeders, horn tooters, brake screechers, and siren sounders.

All in all, Escanaba has enough noise to make the community appear vigorous, and enough quiet serenity to induce people to want to make their homes here.

—Clint Dunathan.

### Q&A Service

By WS Bureau

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT) mail this coupon and a 3-cent stamped, self-addressed envelope to Daily Press Service Bureau, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone; write as directed.

Q. How many men and women served in the Army from November 1, 1940 to July 31, 1946?

A. According to the final strength report of the War Department, 11,367,989 men and women served in the Army November 1, 1940 to July 31, 1946. Of this number, 9,568,887 were separated from the service before the end of July 1946; 1,799,102 remained on duty.

Q. Did long hair ever serve as a sign of rank?

A. The Parthians and ancient Persians of high rank wore long hair; the Franks and ancient Germans considered long hair a mark of high birth; the Gauls and the Goths considered long hair a mark of honor; and for many centuries the French kings and their cavaliers wore long hair.

Q. Who holds the International Cycle Union world championship? A. Henri Aubry of France. In 1946 Aubry covered the 189 kilometers (about 118 miles) in 5 hours, 12 minutes and 41 seconds.

Q. Does a woman marrying for the second time have the same kind of wedding ceremony as one who marries for the first time?

A. No. A woman who is marrying for the second time does not wear white, does not carry orange blossoms, usually is unattended and avoids an elaborate ceremony.

Q. Did the recent Presidential proclamation on the end of hostilities affect the period within which a veteran must apply for a loan guarantee under the G. I. Bill?

A. No, but application must be made within ten years from the official end of the war, as yet undeclared.

Q. What is planned to be the greatest census project in history? A. A hemispherical census in conjunction with the U. S. national census to be taken throughout the hemisphere. It would embrace population, livestock, forest products, production, distribution and utilization of crops; basic facts as to trade in food products, fibers, and other raw materials; nutrition and health; shelter, standards of living and teaching.

Q. Who are the sensualists?

A. Those who, from a philosophical viewpoint, believe that we depend upon our senses for our knowledge of the material world. Philosophers believing thus are called empirics from a Greek word meaning experience. Among the philosophers believing in sensualism were: Democritus, Epicurus, Lucretius; and among the moderns, Hobbes, Broussais, Hartley and Priestley.

### VEGETABLE GARDENS

A 24-page booklet on how to grow common varieties of vegetables on small garden plots including treatment of soils and diseases; also VEGETABLES, a 4,000 word bulletin of usual and unusual ways to prepare and cook green, canned and dried vegetables. To obtain both copies, clip this announcement and send it with 10 cents to cover postage and handling costs to Daily Press Service Bureau, 1217 13th St., N. W., Washington, D. C. State your name and address clearly.

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—President Truman made a startling and highly important statement to Sen. Warren Magnuson of Washington the other day on Republican knifing of reclamation funds.

Pearson

In brief, what the President told Magnuson was: Budget slashes in money for western reclamation, irrigation and public power may harm the security of the nation more than comparable cuts in the budgets of the Army and Navy. Truman went on to explain that this was due to the fact that atomic energy development depended on the government's giant power projects. (One atomic-energy plant is at Hanford, Wash., and gets its power from Grand Coulee. The other is at Oak Ridge, Tenn., and gets its power from TVA. The War Department has said that if these government power projects had not been in existence, development of the A-Bomb would have taken several years longer.)

Truman added that his military advisers shared his view and are every bit as concerned as he about the scuttling of western reclamation and power projects by eastern Republicans.

The president also indicated that he might send a message to Congress on this subject either while the Interior Department's appropriation is before the Senate or later when the Interior deficiency appropriation is debated.

Meantime, he requested Senator Magnuson to "keep up the fight" and urge other western senators to do likewise. "I intend to take the floor soon on this matter and will have plenty to say," promised the dynamic young Washington senator. He also predicted that Eastern GOP reclamation-slashers would wake up to find they had a political bear by the tail.

### —TRUMAN GOES WEST—

"If the Republicans continue what they are doing, they won't be able to elect a constable west of the Mississippi," Magnuson told Truman. "Nothing in years has caused so much public resentment in the west as this reclamation issue. I know, because I just returned from there."

Truman reported that he planned to make a trip to the west coast, probably in August, at which time he would make an important speech on foreign affairs, dealing with Far Eastern questions. The talk will be made at the University of Washington, where he will receive an honorary degree.

This was welcome news to Joseph Drumheller, president of the Spokane Chamber of Commerce, a Democrat and regent of the University of Washington, who accompanied Magnuson to the White House. He assured the President that the business people of the northwest united behind Truman's efforts to save reclamation.

"I'm delighted to hear that," smiled the President. "I'm also happy to make your acquaintance, Dr. Drumheller. I don't recall ever meeting a Democratic Chamber of Commerce president before—from the north, at least."

### —LABOR BILL VETO—

Closest intimation so far given that President Truman will definitely veto the labor bill came during the recent White House conference with Democratic chieftains from Iowa, Michigan, Kansas, and Nebraska.

Truman's indication that he would hand Senator Taft a veto came after E. C. Bevin, Democratic National committeeman from Michigan, assailed the Republican labor bill as an "onerous and punitive slur on the American workingman."

"The rank and file of organized labor in Michigan would not be offended by this legislation if the restrictions Congress wants to adopt were at all reasonable," Bevin told the President. "In fact, Michigan labor would favor a reasonable bill. They understand some restrictions are necessary. But they bitterly resent the punitive bill now before Congress."

"It will do you nor the Democratic party no good if you sign the bill, Mr. President," continued Bevin. "You would only be upholding the enemies of labor." "Well, of course, I can't tell what kind of a bill it will be until I get it," Truman replied. "But I can tell you this—I intend to stand pat on the labor program I have already recommended to Congress. I think it's a sound program and adequate."

"I won't be influenced by threats," he added crisply. "I won't be scared into doing anything I don't think is right. And I won't sign any bill that is unsound." NOTE—The President's own labor program is confined largely to a ban on jurisdictional strikes and secondary boycotts. This fact left no doubts in the minds of his callers that he would veto the much tougher bill Congress is almost certain to send him.

### —UNDER THE DOME—

When GOP colleagues learned that Republican Rep. Charles Kersten of Milwaukee (recently ordered to pay up three years' back state income taxes) had his son working as a house pageboy, the comment was: "Poor Charley! He must be in tough shape if he has to make his boy go to work so he can pay up his \$280 back taxes." Ex-Governor Stassen will name Newbold Morris to manage his presidential campaign in New York state.

A Pennsylvania golf club plans a lighting system that will make night golf possible. So long, wifie—see you next week.

Pythons are not dangerous if under 12 feet long, says Dr. Malcolm Smith of the British museum. Always carry a yardstick when in the jungle.

## NOVOCAIN USES ARE EXPANDED

Drug Injections Give Striking Relief In Arthritis Pain

BY ALTON L. BLAKESLEE  
Associated Press Science Reporter  
Buffalo, N. Y., (AP) — Striking relief from pain in many cases of arthritis, infantile paralysis, fractures and other injuries through procaine (novocain) was reported today to the New York State Medical Society.

Some newer uses of the drug, through injection in very weak amounts into the vein, were described at a symposium at the society's annual meeting. Procaine is a pain-reliever only, not a cure for disorders.

It shows great promise in treating congenital spastics, children who are crippled by muscle spasms, said Mrs. David J. Graubard, Raphael W. Robertazzi and Milton C. Peterson of the Reconstruction Hospital Unit, New York post-graduate medical school and hospital.

Another effective new use, he added, is reducing pain and increasing mobility in two types of arthritis—that resulting after injury and osteoarthritis marked by excessive bone formation around ligaments and joints.

In fractures, wounds, and other injuries, procaine can quickly reduce throbbing, burning pain, Dr. Graubard said. It has been tried successfully also to relieve pain and spasms in chronic stages of infantile paralysis, he added.

Steadily growing uses already included relief of neuralgia and sciatica, the severe itching of jaundice, and the pain of burns.

## Chatham School Honor Roll Out

Chatham, Mich. — J. Donald Grenfell, supt. of Rock River township schools, announces the grade school scholastic honor roll for the month of April:

First Grade: Janet Anderson, Vernetta Dunquist, Bonita Lepanen, Maria Multila, Bonnie Posio, Gloria Jean Ritola, Edith Salmi, Dorothy Sandstrom—All A; Gordon Ulvi, Ruth Varti, Sharon Wanska, Mary Charlebois, Beverly Johnson, Mary Ann Virtanen.

Second Grade: Betty Frey, Nancy Grenfell—All A; Margaret Hallstrom, Ruth Hallstrom, Luane Hautamaki, Elinor Keskimaki—All A; Verna Maki, Carol Multila, Patricia Ruska, Ronald Winters.

Third Grade: Greeta Arthur, Edith Hallstrom, Don Hakala, Edwin Herback—All A; Joyce Johnson, Lyle Niemi, John Rajala, Elnora Tuimala, Barbara Varti, Floyd Makinen.

Fourth Grade: Joyce Anderson, Walter Hakanen, Victoria Hill, Carolyn Johnson, Carolyn Keskimaki, JoAnn Martin, Gerald Mattson, Kathleen Mattson, Nancy Matero, Allen Ruska, Mary Lou Ruska, Erma Olson, Donald Sturvist, Joan Varti, Robert Witanen, William Woiainen.

Fifth Grade: Louise Anderson, Phyllis Anderson, Nina Hallstrom, William Hakala, Nancy Juntunen, John Laakso, Arthur Laakso, Elinor Mannisto, Dolores Niva, Robert Rukila, Donald Smith, John Wallis, Jerome Wester, Bruce Williams, Shirley Witanen, Fred Woiainen, Shirley Ylinen, Joyce Posio.

Sixth Grade: Doris Beck, Gloria Dunquist, Joy Goodman, Helen Hallstrom, Joan Johnson, Joyce Laakso, Kenneth Lindquist, Ireen Maki, Jack Pokela, Kenneth Posio, Gerald Sturvist, Alice Yitalo.

Seventh Grade: Kathryn Bartol, Joan Brisson, Nancy Johnson, Lorraine Kampinen, Ann Maki, Sinikka Salmi, Larry Varti, Joan Whitmarsh, Beverly Wester.

## Cooks

Landscaping  
Cooks, Mich. — The Willing Workers Society and the Young Ladies' Aid held a joint gathering at the church Thursday, commencing the work on landscaping around the building and enjoying a potluck dinner in the basement kitchen. The finishing touches will be given at the next meeting a week later. A marked improvement is noticed already.

## School Trip

Students of the Civics class, under supervision of Mrs. L. Charon were taken through the workshop and offices of the Pioneer Tribune Thursday.

## Personals

Mr. and Mrs. Ray Wickwire have returned to their home in Newberry. They were accompanied by Miss Audrey Miller who will remain with them for a few days.

Mr. and Mrs. Donald Dow and family of Copper Harbor were weekend guests at the home of Mr. and Mrs. Elgie Dow.

Several neighbors assembled at the Henry Magahan farm Monday to take part in an old fashioned barn raising, reminiscent of the good old times.

Mr. and Mrs. Gunnar Erickson, son, and Teddy Levielle are visiting friends in Milwaukee.

Mrs. Jessie Gray has returned to her home from Saginaw, where she spent the winter with her son Grocer C. Gray.

Elmer Bonifas Sr., and Elmer Bonifas Jr., of Garden and Nick Bonifas of Isabella left yesterday to spend the week-end with Isaac Bonifas who is hospitalized here.

MOWS LAWN THROUGH SNOW—Grass must be cut even if it's covered with snow, says Louis Progovitz, Chenango Forks, N. Y., as he pushes mower over his lawn after May 8 snow storm. (NEA Telephoto)

## Anger Causes Colds, Physicians Are Told

By HOWARD W. BLAKESLEE  
Chicago—AP—It is an odd way to catch cold, but some people do just that from fierce anger. Sometimes other respiratory infections result.

The reasons, and their widespread bearing on health, were explained to the American College of Physicians Monday by Harold G. Wolff, M.D., associate professor of medicine and associate professor of psychiatry, Cornell University Medical College, New York City.

The nose, he said, is one of the organs that react in defense when a person is aroused by danger to his life, or to his loved ones. The nose reacts that way too in anger.

Nasal air passages close. Membranes swell a little. The nose runs freely. The nose also hurts.

This condition leads to infection. That is, germs already present in the nasal tract, get a chance to catch hold and start their particular kind of infection.

This defensive reaction, Dr. Wolff said, is natural and is useful in emergency. But it is not designed as a life long-pattern, such as some people acquire by habitually getting angry or using other emotions to excess.

The stomach, under similar emotional upsets, said Dr. Wolff, increases its flow of blood, secretes more acid, and moves rapidly in contractions and expansions. At the same time stomach veins become brittle and sometimes break, causing bleeding.

The heart too has its defensive action, beating faster, pumping more blood, but not aching too well because the small blood vessels contract to make the pump do

more work forcing blood through them.

He said the cost of these defensive reactions is high in terms of damage to the tissues. The habitual misuse of the defensive reactions, he declared, may explain much human suffering and sickness. Bad habits in overdoing the defenses are likely to begin in childhood and Dr. Wolff concluded that to avoid their genesis more knowledge of child development is needed.

## Ishpeming Studies Car Parking Meters

Ishpeming—A possibility that parking meters will be installed on streets in the Ishpeming business district was revealed at the meeting of the city council last night.

After discussing the proposed installation with D. E. Crocker, a representative of M. A. Rhodes, Inc., meter manufacturers, the council instructed City Manager O. G. Holway to confer with members of the merchants' committee of the Ishpeming Industrial association to determine their views on the matter and to report back to the council at its next meeting.

At no time during World War II were the United Nations short of one of the most important strategic minerals—the industrial diamond.

## HEWETT SUED FOR \$300,000

Kentucky Mining Broker Files Suit Against Sault Man

Sault Ste. Marie, Mich.—A \$300,000 libel and slander suit has been filed in Federal Court against Clyde G. Hewett of the Sault by A. G. Greenup of Bowling Green, Ky.

Greenup, a broker in oil and mineral properties for more than 30 years, complained in his bill that his reputation was ruined by word of mouth statements made by Hewett, and by suit started in a Kentucky circuit court by Hewett for recovery of \$148,000 he had invested in oil properties.

Several paragraphs of a petition for a lawsuit filed in a Kentucky circuit court by Hewett were quoted in his bill of complaint by Greenup. The Kentucky suit apparently was filed by Hewett against Greenup and Stanley H. Vegors, a former Sault physician, and Greenup refers to the following: "A. G. Greenup with the advice, knowledge and consent of the defendant, Stanley H. Vegors, misappropriated large sums of money."

In his complaint Greenup said the amount of money allegedly mentioned was \$148,000. Greenup charged he was accused of failure to make an accounting for expenditure of the funds and that he rendered false and untrue statements in accounting of being about to sell, convey or dispose of property with fraudulent intent.

It is charged by Greenup that Hewett's suit was intentionally filed in Kentucky to force him (Greenup) to pay Hewett money he was not entitled to receive.

The complaint asks for \$150,000 compensatory damages and \$150,000 punitive damages.

The case is filed in the U. S. Court of the Western District of Michigan and may be heard either in the Sault or Marquette.

Hewett is a former Escanaba resident.

## Hansen Yacht Sent To Whitefish Point

Menominee—V. A. Hansen and William Cook of Marinette, are leaving next week in Hansen's 34-foot Chris Craft cruiser Stardust II for Whitefish Point, Mich., where Hansen plans to berth his yacht for summer lake trout trolling trips.

Hansen said the Stardust would be berthed at the Tom Brown Fisheries dock at Whitefish Point and it would be available for week-end fishing expeditions. He also plans to fish in Canadian

## Isle Royale Boat Makes First Trip

Houghton, Mich.—The National Park Service boat Ranger made its initial trip of the 1947 season to Isle Royale Wednesday, Supt. Charles E. Shevlin announced. This is the first time in the history of the park that the initial trip has not been made in April, the average date being approximately April 20. The advanced date this year is due to the cold, late spring which has resulted in icebound harbors, making it impossible to get to the Mott Island headquarters dock.

Development work, which was at a standstill during the war years at the park, will be resumed in a modest way this season for the first time since 1941. Efforts will be directed particularly toward providing more overnight accommodations for park visitors but maintenance of existing structures and the construction of docks trails and fire protection facilities will also form an important part of the program.

It is expected that a force of approximately 50 men will be employed during the season with activities divided between the Rock Harbor vicinity at the northeast end of the park and Washington Harbor at the southwest end.

## Future Warships Mau Battle With No Men In Sight

Washington, (AP)—Navy ships of the future may go into battle without a man in sight according to Assistant Secretary W. John Kenney.

New type ships are being planned that will incorporate lessons of the atom bomb test and the ice menace of the polar regions, he told the society of sponsors of the U. S. Navy. The organization consists of women who have christened navy combat ships.

Kenney said the Navy will send a small force to the Arctic this summer to check weather data gathered at the South Pole.

A Navy department official told a reporter the "limited expedition" would establish a Canadian-American weather-reporting station near the magnetic pole.

Kennedy said Navy leaders recognized on V-J Day that the American fleet "would be inadequate should another war be forced upon our nation."

New ships will represent radical changes, he said, adding:

"The future ship may have few exposed personnel and instruments. It is quite probable that no man will be in sight at battle stations underway."

"Rented the first day" said Smith Ads.

waters at Batchewana, Michipicoten and Jackfish.

## Navy Unfolds Plans For Radically New Fleets Of Future

BY ROBERT M. FARRINGTON

Washington, (AP)—The Navy Department is slowly unfolding the blueprint for a radically new fleet, designed for attacking cities and land bases rather than fighting other ships.

What the fleet will look like some years from now remains to be seen. The best information points to an eventual lineup something like the following:

Instead of the battleship, a heavily armored guided missile ship that can take a pounding to get home powerful attacks on cities and industrial centers hundreds of miles from the coast (the Navy is currently converting two big ships to fire guided missiles.)

Instead of a cruising ship, a fast-raiding ship firing a barrage of big rockets in bombardment of shore points.

Instead of the carrier, a fast intercepter ship with pilotless aircraft to destroy enemy missiles aimed at America. Carriers as known today may be employed as a "coastal defense" several hundred miles off home shores.

Instead of the destroyer, "an attack-killer" class which would have high-speed, automatic-firing guns, and plenty of anti-submarine equipment.

Submarines may become specialized for cargo carrying, scouting, attack, ice patrol, and atom-weapon launching. (The Navy last week announced proposed conversion of existing submarines to cargo and troop carriers and to Arctic pickets.)

The Senate Thursday completed Congressional action to permit the Navy to spend \$30,000,000 of its funds on two experimental submarines.

Also today, W. John Kenney, assistant Secretary of the Navy, reported the planning of radical changes in warship design and said: "The future ship may have few exposed personnel and instruments. It is quite possible that

no man will be in sight at battle stations underway."

It was further disclosed by naval officers Thursday that development is underway of a 45-foot shipborne rocket.

Navy thinking for 25 years was directed at fighting the Japanese fleet. The present U. S. fleet, valued at \$18,000,000,000, was largely built with that purpose in mind. But the Japanese fleet is gone. Sea battles in the old classical sense are gone too.

The American fleet, still is a powerful force, its leaders believe.

Although high brass scrupulously avoids mentioning it, Russia is known to be building very fast submarines, using German plans

## Isabella

Isabella, Mich.—Miss Delores Patton, Henry and Bert Jerovity and Mrs. Rose Petrasak of Green Bay visited recently at the home of Francis Nededeau. Mrs. Petroses also visited her sister Mrs. Anna Johnson who has been ill, but is much improved.

Ed Foye of Marquette recently visited at the home of Ray and Francis Nededeau.

Miss Margie Nededeau is now employed for the summer at Garden Corners.

Mr. and Mrs. Isadore Bonifas have returned from Milwaukee after visiting Isaac Bonifas.

Mr. and Mrs. Arvid Sundine Jr. and Mr. and Mrs. John Moberg visited at Powers recently with Marigold Sundine.

## To Rent or Sell use the Classified

and scientists. The American fleet would be in real trouble if it were attacked by super-subs, credited with submergence speeds higher than the best U. S. anti-sub boats.

## AUCTION SALE

Farm and personal property on the farm of  
**WALTER NOWAG**

Formerly known as John Ross Farm, located on US-41 13 miles north of Menominee, Mich., or 1½ miles south of Wallace.

**WED., MAY 14**

SALE STARTS 10:30 A. M.

LUNCH ON GROUNDS

100 acre farm, house, barn, granary, garage and other buildings. 22 Head Holstein and Guernsey cattle, 1—3-yr. old registered bull. Team horses 6 & 8 yrs. old. Fordson Tractor, 2-bottom 14" tractor plow, hand plow, land roller, corn binder, silo filler, cultivator, manure spreader, mower, 2 hay rakes, steel wagon and rack, grain seeder, disc, 2-sec. spring tooth; wheelbarrow, cream separator, potato digger, gas engine and many other items. Some household items, pipe, posts, building lumber, etc.

Sale conducted by: Clintonville Sales, Corp., Clintonville, Wis. Auctioneers: W. G. Brennan and F. M. O'Connor.

## We're Trying to Handle EMERGENCY CALLS

During the Telephone Strike...

But we must have your co-operation

Before you attempt to place either a Local or Long Distance call, please stop and ask yourself—

IS IT AN EMERGENCY?

DOES THE CALL INVOLVE: FIRE? POLICE? SICKNESS? INJURY? DEATH? LOSS OF PROPERTY?

If it does, your call is an EMERGENCY call and you have reason to attempt to place it. And our limited forces will do their best to handle it.

If your call does NOT involve an emergency, please do NOT attempt to place it.

With only a few people available to man the switchboards during the strike, we must devote our efforts to EMERGENCY CALLS ONLY. It is necessary for us to answer all signals on the switchboards to determine which are emergency calls. So it is imperative that you limit your calls to EMERGENCY CALLS ONLY.

Even so, there still remains the risk that some emergency calls will go unhandled because we just do not have enough people.

Michigan Bell deeply regrets the need for this urgent appeal for your co-operation. We are still trying to settle the strike. Meanwhile, we are doing our best to handle emergency calls. Please help us...

## MARSHALL TO BE CANDIDATE?

May Run For Vice President In 1948, Says Babson

BY ROGER W. BABSON

Independence, Mo.—This is a typical small western city. Its life depends largely on the farmers living about. They are industrious and honest people in Independence and, as the name suggests, they are both democratic and independent.

The townspeople had known Harry Truman as an unsuccessful storekeeper who was more interested in politics than in business. In those days this required faithfulness to the Pendergast machine. Hence, his Independence friends were not surprised when he was rewarded with petty political jobs. When, however, he was made U. S. senator by the Pendergast gang, their respect both for the U. S. Senate and the Pendergast machine fell pretty far and low.

As time went on, the townspeople came to believe that "Truman" is as good as the rest of that bunch down in Washington and perhaps a little better. However, when their fellow townsman was nominated and elected vice president, they again were shocked and again became skeptical of the whole U. S. government. These Independence people are still asking today: "Tell us—Mr. Babson—why did President Roosevelt want him as a running mate? He must have known that he himself would not live to finish off his term."

Truman's First Two Years

The way President Truman acted in the early part of his term confirmed the pessimistic fears of his townspeople. His appointments, his public statements and his private acts appeared to be those of a small town politician who simply did not know what it was all about. His apparent desire to please everyone, brought him enemies both amongst the New Dealers and the conservatives. Truman's stock tumbled thick and fast, even though he started out with a friendly press.

Everyone out here agrees that Harry Truman is honest and wants to do what is right. He is modest and doesn't think he has the answers to all the questions. He is willing and anxious to take advice from those whom he trusts. All this means that Truman's future and the country's future, for that matter, depends upon these friends to whom Truman turns for advice. If these men are honest and wise, Truman will make a good president. Today his followers agree to this much:

Will Truman Be Re-elected?

If the presidential election had been a year ago, Truman would have been terribly defeated. If the election were today, Truman would have a good chance for re-election. Probably the answer lies with how he handles the veto power during the next year—and who is to be his running mate. Owing to the recent deaths in office of President Harding and President Roosevelt, voters are beginning to consider the vice presidential candidate of both tickets. Hence, it is especially important that President Truman have a strong running mate. This brings me to the chief new item of news which I got in Independence, Missouri.

The people of Truman's city believe that Secretary of State George C. Marshall will be the running mate. "Didn't he promise that he would not run for the presidency?" I asked. To this question the reply was, "Yes, but that applied only to the presi-

**STAFF OF POWERS SENIOR ANNUAL**—The seniors of Powers-Spalding high school are eagerly awaiting their year books which are expected from the publishers this week. The staff in the accompanying photograph completed work during April. ## Iron Mountain Man Shot To Death In Oregon Hut

Grants Pass, Ore., May 9 (AP)—

The alleged killer of Robert B. Fox, 35, son of the late Mr. and Mrs. M. J. Fox, of Iron Mountain, Mich., was reported today to have killed himself in a mountain cabin just six miles from the spot where Fox died leaving a note naming his assailant.

Jack Mahoney, 65-year-old prospector, was named as Fox's slayer. The former Iron Mountain resident left a note saying "Mahoney shot me." The suicide ended a three-day search through remote trails high in the timbered Siskiyou mountains of southwestern Oregon, where Fox operated a small resort.

Fox, who was well known throughout the Upper Peninsula, lived several hours after a .30-30 caliber slug ripped through his abdomen some time Tuesday. His father was prominent in the lumber industry in northern Wisconsin and Upper Michigan.

The victim was a graduate of Iron Mountain high school and was a salesman for the Von Platen-Fox Lumber company, Iron Mountain, until he went to Oregon in 1941, when he accepted a position with Clark and Wilson Lumber company at Portland,

Ore., as foreman of logging operations. He was born Oct. 22, 1912, in Iron Mountain.

He was in Iron Mountain for the holidays last December and remained until early March when he returned to the small fishing and hunting resort he had established about 60 miles west of Grant's Pass.

State police said Fox's body was found in one cabin and the note in another. Mahoney was said to have quarreled with Fox a year ago over delivering groceries down a mountain trail, and the bad feeling between the two had continued to grow.

Coroner Virgil Hull said there were marks outside Fox's cabin indicating the killer had crouched in wet ground and fired into a wood shed. A trail of blood indicated Fox, shot while gathering kindling, went into his cabin, obtained a .38 caliber revolver, then lay down on his bed. The revolver had been fired 31 times, apparently to summon help, but no one reported hearing the shots, and Fox was found dead Tuesday.

Marshall never promised he would not accept the vice presidential nomination. These people here believe that Mr. Marshall will stick to his trade and that Mr. Truman and his backers so believe. Hence, they are free to build up Mr. Marshall anticipating his nomination for vice president.

**Stock Market Discounts**

When in Kansas City and St. Louis I asked friends: "What's the matter with the stock market?" They replied: "The stock market today is now discounting Truman's re-election in 1948." I pass this along only as your reporter without comment.

## Permission To Lease Airport Sites Given

Menominee—Attorney General Eugene F. Black has affirmed a legal opinion given the Menominee county board of supervisors at the April meeting by Prosecuting Attorney Michael J. Anuta that the county may lease land at the new Menominee county airport to private individuals for the purpose of constructing facilities for carrying on aviation activities.

The lease may be made for 10 or 20 years, the attorney general said, the only stipulation being that any lease of more than three years must be recorded with the register of deeds and the rights of the public be fully protected.

Question whether the county could legally lease land at the airport was raised at the April meeting by Sup. W. H. Zeratsky of Menominee township, a member of the airport committee, when the board was considering an application of M. & M. Aviation company for permission to erect a \$20,000 hangar-shop building.

At the time Anuta ruled there was nothing in the law to prohibit the county from entering into such a lease with M. & M. Aviation company and to confirm this opinion after a ruling.

In his opinion Attorney General Black stated: "It appears that certain private individuals desire to lease a portion of the airport for construction of buildings to house hangars, repair shops, waiting rooms, tool rooms, public toilet facilities and space for housing concessions for the sale of foods, confectioneries, etc."

"Mr. Anuta quoted certain statutes in connection with his inquiry and arrived at the conclusion that the board of supervisors has power to enter into such a lease for the erection of hangars

and the other facilities named for serving the public. This conclusion was subject only to the limitation contained in Sec. 16,223, paragraph 'e', Mich. State Ann., which reads as follows: 'Provided that in each case in so doing the public is not deprived of its rightful, equal and uniform use thereof.'

"As to the period of time of such lease, it is the conclusion of this department that such a lease as is contemplated could be made for either 10 or 20 years under the provisions of state law. However, such a lease being for more than three years it would be a conveyance of such an interest in lands as to make the real estate recording applicable."

M. & M. Aviation proposed to erect the \$20,000 hangar-shop under lease of 10 years with option to renew for an additional 10 years after which time the building would become the property of the county. In addition, M. & M. agreed to pay an annual rental of an amount equivalent to what a building of such value would bring in taxes.

The proposed building would have a waiting room, office and toilet facilities which M. & M. proposed be used by the public pending construction by the county of a suitable administration building. One of the requirements for airline service to any airport is that it have suitable waiting rooms, toilet facilities, etc.

Since the board meeting in April representatives of M. & M. Aviation company met with the county airport committee headed by Mayor Otto R. Eickmeyer and waived its request for a 20 year lease, agreeing to a shorter period provided the county would pay the company the depreciated value of the building whenever it desired to take over the property.

**READY, AIM, FIRE--NO HARM DONE**—Testing bullet-proof vest he recently perfected, Bernard Spooner takes aim and fires at Leo Krause, employee of the Spooner Company, in a recent demonstration for Philadelphia, Pa., police. Bullets dented, but did not pierce, armored plate.

**OUT OF ORDER, FULL OF NICKELS**—Mary Kircinka can't make that call. Pay dial phones in Chicago hotel are too jam-packed with nickels to take her coin. Reason, of course, is the strike.

## BIRD HOUSE CONTEST ENDS

Storey, Mather Student, Takes "Grand" and 2 First Awards

Munising—The conservation club's bird house building contest which ended Thursday at the Mather high school, was termed a success by club president, Willis Leiphart, when 45 county boys and girls brought entries to the school.

Winifred Storey, Mather elementary student, was awarded the grand prize for a 10-room Martin house and was also given first place in the Martin house class and wren house class.

Other winners in the Martin contest were: Gaylord Stevens, of Mather, second place; and James Tunler, Mather student, third place.

Other winners: Blue Bird House—Gordon Nelson, Mather, 1st place; Edwin Swan, Sacred Heart, 2nd place; and Linda Prato, Sacred Heart, 3rd place.

Flicker Tail House—Mary Agnes Kennedy, Sacred Heart, 1st place; Gene LaRocke, Sacred Heart, 2nd; and Echo Deibert, Mather, 3rd.

Wren House—Winifred Storey, Mather, 1st; Russel Wilder, Lincoln, 2nd; and Duane Bond, 3rd.

Woodpecker—Gordon Nelson, Mather, 1st; Robert Golisik, Sacred Heart, 2nd; and Victor Davis, Lincoln, 3rd.

Robin Shelter—Donald Campbell, Mather, 1st (only entry in this class).

The winning houses will be on display at the Bear Sporting Goods store, Elm avenue, until Monday, it was announced. A motion picture on birds, ducks and dogs was shown to persons who attended the judging and display held at the Mather high school Thursday evening.

Awards will be given to the winners Monday.

## ADOPTION LAWS GIVEN APPROVAL

Present State Statute Endorsed By Judges, Social Workers

Lansing, (AP)—A delegation of probate judges, social workers and officials of civic groups Wednesday were on record with a substantial endorsement of the Michigan child adoption laws, following a senate committee hearing to find out what was wrong with them.

Various officials and social workers defended the statute against charges it delayed adoption of children and forced the state to finance excessive institutional life for them.

However, Probate Judge Roy D. Mathews of Shiawassee county contended the former adoption law was better because it was "simpler" and easier for courts to administer.

A number of judges told the committee they were able to obtain adoption of normal children under five years of age without difficulty, but older children with physical, mental or social disadvantages had to be sent to the Children's Institute for more skilled treatment and longer observation.

Probate Judge Maurice E. Tripp

## Seven Lions Club Members Initiated

Munising—Seven members of the Munising Lions club received initiation rites during meeting of the club at the Sylvan Inn Thursday evening. They were: A. M. Bowerman, Clark Haskings, Frank Carr, Richard Perry, Ted Mattson, Martin Korvela, all of Munising; and Herbert Finlan of Chatham.

The initiation ceremonies were presented following dinner and business session of the club which began at 7 p. m. at the Inn.

Dr. A. A. Mellon was chairman of the initiation committee and was assisted by the following Lions: Vern Floria, Frank Runsat, John Korvela, Charles Belonga, and John Tervo.

Highlight of the initiation's fun frolic stemmed from a boxing match with the club rookies fighting a three round bout blind-folded, stripped to the waist, and with a black coating of soot on their boxing gloves. The fight was staged in a wire ring charged with electricity.

Guests at the meeting were: James G. Gibson of Buffalo, N. Y., and Mr. and Mrs. A. Simone of Detroit.

## MUNISING CHURCHES

Methodist—Einar Hilmer Soderberg, minister. Church school at 9:45 a. m. Graded classes for all ages. Morning worship at 11: special note will be given to the selection of Mrs. Emma Yinger, Methodist minister and Michigan's "Mother of 1947" during the special announcements period. Sermon theme: "Honest Religion in the Home." Special music by the senior choir. MYF at 7 p. m.

Sacred Heart—Fr. Gerald Harrington, pastor. Masses, 8, 9:30 and 11. Saturday, confessions, 3 to 5 and 7:30 to 8:30.

Eden Lutheran—Rev. H. A. Larson, pastor. Sunday school with Bible classes, 9:30 a. m. Morning worship, 10:30. 7:30 p. m. Vesper service.

Van Meer Baptist—Rev. Warren Jolis, pastor. Sunday school, 10 a. m. Morning worship, 11. Evening service, 7:30.

Pilgrim Holiness—Rev. Harold Rickener, pastor. Sunday school, 10. Morning worship, 11. Evening service, 7:30.

Munising Baptist—Rev. Howard Brower, pastor. Sunday school, 10. Morning worship, 11. Evening evangelistic service, 7:30. Worship at Au Train, 2:30 each Sunday.

Presbyterian—Rev. Frederick T. Steen, pastor. Sunday school, 9:45. Morning worship, 11.

**EDEN LUTHERAN EVENTS**

Munising—The senior choir of the Eden Lutheran church will meet for rehearsal at the church Saturday evening at 7:30 p. m. The senior Confirmation class will meet Saturday evening at 9 p. m.

Lyle Rushford has returned to his home in Munising where he will visit with his parents, Mr. and Mrs. William Rushford, prior to embarkation to Europe.

Of Lenawee county urged laws to make parents abandoning children provide for their support, and Probate Judge Arthur E. Moore of Oakland county endorsed three bills now before the legislature as a means of alleviating child abandonment.

One would forbid common law marriages, another would restrict remarriage of parents who do not care for their children and the third would require an eighth grade education or a certificate of mental soundness to obtain a marriage license.

George Caraker

**TO SPEAK AT MATHER**—George Ernest Caraker, news analyst, writer and commentator, will address the students of the Mather high school Monday, May 12, at 2 p. m. He will lecture on South Africa.

Mr. Caraker was born of American parents in Africa and was educated in British South Africa and in the United States. He knows South Africa as most people know their home states and whether he speaks about Cape Town or the bushveld, he talks from first hand observation.

He is noted as a brilliant speaker and an outstanding news analyst, having broadcast for NBC. He is now commenting for CBS in the West. His recent work "The Atomic Bomb and World Government" has appeared in print and on the air.

The public is invited to attend the lecture.

## POSTPONE MEETING

Munising—The meeting of the Sacred Heart PTA scheduled for May 12, has been postponed until May 27 and will be held in the K. C. hall at 7:30 p. m.

A special program by the school children will be presented at this meeting.

## "500" MEETS

Munising—The "500" club of Munising met at the home of Mrs. A. Jones, 309 East Superior street Thursday evening. The draw award for 500 was given to Mrs. Howard Radloff. Lunch was served at the close of the evening's card games.

Classified Ads cost little but do a big job.

## Music Pupils Present Mother's Day Recital

Munising, Mich.—Seventeen pupils of Mrs. Lillian Dufour, presented a Mother's Day Piano recital Wednesday evening at the studio, 105 W. Onota Street. Participants for the recital were chosen out of the class on the basis of perseverance, punctuality and co-operation throughout the year. All mothers were present and several other guests.

Eileen Perry, age 9, daughter of Mr. and Mrs. Loren Perry of Au Train, and Elaine Fink, age 15, daughter of Mr. and Mrs. W. O. Fink of Wetmore, were presented "special progress" awards by Mrs. Dufour.

Eileen Perry was also voted by the mothers present as giving the best performance of the evening. She was presented with a bouquet of cut flowers, which she in turn presented to her mother as a mother's day gift.

Pupils who appeared on the program were: Sue Matson, Lois Masters, Jane Bjork, Shirley Bonneville, Lillian Schultz, Cynthia Dietrichs, Anita Chalmers, Elaine Fink, Wini Kee, Joan Miller, Constance Perry, Margie Dufour, Joyce Nesberg, Rose Kusmirek, Eileen Perry, Carol Pelletier, Bonnie Farr.

## Luce-Alger MEA Annual Session Is Held Here Friday

Munising—The annual meeting of the Luce-Alger district unit of the Michigan education association was held at the Beach Inn in Munising Friday, May 9. A. K. Jackson is president of the association.

The meeting began with a six o'clock dinner. A report on the classroom teachers assembly and a report by Robert Villeneuve on the delegate assembly in Lansing constituted the business portion of the meeting.

The Mather high school music department, under the direction of D. W. Howlett, provided the music.

## SILVER TEA

Munising—Members of the Eden Women's Missionary Society will sponsor a Silver Tea Tuesday evening, May 13, beginning at 7:30 in the Lutheran parsonage.

Proceeds of the affair will be placed in a fund for the purchase of a movie projector for the church. The public is invited.

## Personal News

Mrs. Ray McGrath, 400 South 16th street, left yesterday morning for St. Ignace where he will spend the week end visiting with her mother, Mrs. L. Taylor.

Miss Virginia Dickerson, Escanaba Route 1, is visiting in Inlay City, Mich., with her aunt. Mr. and Mrs. Erick Ostrom returned yesterday to their home in Elgin, Ill., after spending a few days visiting the Erick Ostlunds of Escanaba Route One.

Miss Effie Ojanen, a student of Northern Michigan college of Education, is spending a few days here on business.

Mrs. Herbert Tatrow and daughters, Mrs. Robert Daring and Mrs. Donald Hubach, and children, left yesterday morning for their home in Milwaukee after spending several days with Mrs. Julia LaLonde, 300 South 12th street, and Mrs. Carl Johnson, 1008 Second avenue north.

Mrs. Frank Hartwig of 616 South 17th street left yesterday to spend the day in Kenosha with relatives. Mr. Hartwig met her there last night and the two proceeded to Cincinnati, Ohio, to attend a convention of Brotherhood of Railroad Conductors.

Mrs. Della M. Wood arrived yesterday from Phoenix, Ariz., to spend the summer visiting her sister, Mrs. David Dewey, 605 South 11th street.

Mrs. Todd Gayeff and son Paul of 504 South Seventh street left yesterday for Ann Arbor, Mich., where they will attend the wedding of Miss Jane Yanit, sister of Mrs. Gayeff and regular summer visitor in Escanaba.

Miss Mary Rowan of 505 South 15th street left yesterday to spend the week-end with relatives in Milwaukee.

Mrs. Lena Kress, 1118 First avenue north, and Mrs. William Bodin, 513 South Eighth street, left yesterday morning for Green Bay where they will visit the sister, Mrs. Harry Berro, of Iron Mountain, who is seriously ill in Bell Memorial hospital.

Patsy Ammer of 412 South 12th street left yesterday for Green Bay to attend the annual military ball at Central high school and spend the week end with friends.

Eli LaVergne, of Duluth, former resident of Escanaba, is a hospital patient in Alexandria, W. Va., it was learned yesterday. Mr. LaVergne, who with Mrs. LaVergne, had been in New York City for a convention of electrical dealers, was taken seriously ill while they were visiting with Paul Seraphim in Alexandria, on their return trip from the east.

Mr. and Mrs. Glenn W. Sandberg and Glenn Willard, Jr., spent several days with Mr. Sandberg's parents, Mr. and Mrs. J. Sandberg, 1607 1/2 11th avenue north. Mr. Sandberg has been employed in Shreveport, La., as a geologist for the Arkansas Oil and Fuel company. He was recently transferred to one of the district offices in San Antonio, Texas.

The condition of Miss Ellen Johnson, member of the Escanaba Daily Press office staff, who submitted to an operation for removal of goitre Tuesday at Augustana hospital in Chicago, was reported yesterday as satisfactory.

Mr. and Mrs. Clint Danathan, 620 South 12th street, left yesterday for Sault Ste. Marie, called by the serious illness of Mrs. Danathan's mother, Mrs. Julie Hagen, who is a patient at War Memorial hospital, suffering from typhoid fever.

Miss Kathryn Andree of Muskegon, Mich., left yesterday morning to visit relatives in Milwaukee for a few days before returning to her home. For the past several days she has been the guest of the Charles Redekers.

James Nylander of Negaunee is visiting at the home of Mr. and Mrs. John Nicholas, 714 South 12th street.

Mrs. Henry King of Gladstone, Route One, has returned from Tomah, Wis., where she visited with her husband, who is a patient at the Veterans hospital. Mr. King has been receiving treatment there for the past month and will be dismissed in two weeks.

Mrs. A. E. Ellsworth and Miss Mary-Hermes are leaving Sunday for Menasha, Wis., to attend the funeral services of Mrs. Ellsworth's uncle, Fred H. Nugent, which will be held Monday afternoon.

Cornell Service  
Honoring Mothers

Mother's Day services will be conducted by the Sunday School at the Cornell Methodist church Sunday afternoon at 2:30 o'clock. Rev. Karl J. Hammar will be the speaker. Harry Corbister is superintendent of the Sunday school.

## Births

Mr. and Mrs. Gerald Heslip, 413 South 13th street, are the parents of a daughter, born May 6, at St. Francis hospital. The baby weighed seven pounds and 14 ounces, and has been named Mary Beth.

About 1.2 million chicks were produced in commercial hatcheries during 1946. This was the smallest total since 1941 when almost 1.1 million were produced.

The non fat portion of milk contains most of the scarce nutrients for which milk is noted—particularly calcium and riboflavin.

**SENIOR MEMBER** of a Delta county family of five generations, Mrs. Angeline Herioux (lower right) will be eighty-seven years old today. Pictured here with her, (left to right), are Mrs. Joseph Dubord, of Escanaba; Mrs. Dave Beauchamp, of Bark River, Route 2, who is holding her grandson, five-month-old Dwight, Coppock; and Mrs. Carlyle Coppock, of Escanaba, the baby's mother. Mrs. Herioux, who makes her home with her son and daughter-in-law, Mr. and Mrs. Conrad Herioux, Bark River, Route 2, has a large family—six children, 46 grandchildren, 73 great grandchildren and 2 great great grandchildren. (Selkirk Photo)

**BETROTHED**—Mr. and Mrs. E. A. Sayen, 309 North 14th street, announce the coming marriage of their daughter, Nona Kallhryne, to Francis A. Farrell, son of Mr. and Mrs. J. J. Farrell, 308 Second avenue south. The wedding will take place on June 14 at the St. Joseph church.

Club Shows Up  
Feminine Faults

**BY ALICIA TART**  
How do you rate with your women's club?

Those members who become presidents and chairmen and direct important drives usually have to learn to lick some common feminine faults. So veteran clubwomen say.

One fault they cite is hypersensitivity. This shows up, as pride that's too easily hurt. The woman with this failing usually takes criticism of her club work as personal criticism. She stymies progressive action. Members may hesitate to make suggestions for fear of hurting her sensitive feelings.

The member who sulks when her pet scheme is defeated is equally burdensome to her organization. The important thing to learn, say our knowing clubwomen, is the need to abide by the majority's decision.

The member who monopolizes a meeting is another woman who hinders the progress of her club.

County Home Ec  
Achievement Day  
Scheduled May 14

The annual Delta county achievement day for Home Economics clubs will be held in Escanaba Wednesday, May 14, starting at 10 a. m. in First Presbyterian church, it was announced yesterday by Eric Engman, assistant county agricultural agent.

Mrs. Oral Thompson of Cornell will preside at the achievement day program. The morning program will include the viewing of exhibits, and the annual election of officers.

In the afternoon there will be a program of music and other entertainment including participation in program features by the Home Economics clubs of Pine Ridge Park River, Bay View, Rapid River, Cornell, Gladstone and Bark River.

Opal Robertson of Marquette, home demonstration supervisor, will comment on the exhibits, and a moving picture "Pollution in Streams of the Upper Peninsula" will be presented.

The attention of the Home Economics members will also be directed to the annual Homemakers' Camp to be held at Chatham June 23-27. Persons planning to attend the camp must address their reservation to the office of the county agent not later than May 31.

Church Season  
Opens On May 17

The summer season opening of the Little Brown Church in the Wildwood, located on M-35, ten miles south of Escanaba, will be held on Saturday, May 17, at 2:30 o'clock, it was announced yesterday by Elder Daniel Newman, pastor and teacher. All are welcome to attend. Lunch will be served after the service.

This member, according to the veterans, usually wastes time with a long-winded presentation of her own ideas; is intolerant of others' suggestions.

Another common fault, they point out, is that of ducking committee service. A worse fault, however, is that of accepting a task and failing to see it through.

## Church Events

**Swedish Service Sunday**  
Swedish worship services will be held at Bethany Ev. Lutheran church Sunday morning at 9 o'clock. Rev. Gustav Lund will be the speaker and his sermon theme is "Bon."

**MAY CROWNING**  
As a fitting climax to Mother's Day, St. Ann's parish will witness the impressive ceremonies of the living rosary and the coronation of the Blessed Virgin at 7:30 Sunday evening.

Miss Winifred Lancelot will be privileged to crown our Blessed Mother as Queen of May. The honor of carrying the crown will fall to Carol Peterson. Representing the Sodalis of Mary, Donna Dubord will make the children's request of dedication to the Blessed Mother.

Immediate attendants of the queen will be: Arlene Severinson, Geraldine Pepin, Betty St. Jacques, Eleanor Guay, Mabel LeDue and Shirley Boudreau.

Seventh, eighth and ninth grade girls, attired in formals will form an arbor of flowers under which the queen and her court together with the pastor, Rev. Sebastian Maier, and the visiting clergy will pass.

Following the coronation, the girls will present their flowers to our Blessed Mother while the hymn, "Mother Beloved" will be sung.

4-H Leaders Will  
Meet Here Tuesday

Leaders of 4-H club summer projects in Delta county and others interested in becoming leaders or assistant leaders will attend a dinner meeting at 7 o'clock Tuesday evening, May 13, in the Delta hotel, to discuss the summer program, it was announced yesterday by Mel Nyquist, county club agent.

Mrs. Edith Avise of Marquette, or Ben Westrate, assistant state club leaders, will attend and lead the discussion of summer projects work and to answer questions concerning the program.

Although interest in 4-H club work is high in the county, the amount of summer projects such as dairying, gardening, cooking, rabbit raising and others has not compared with the participation in winter work, Nyquist said. Following the meeting Tuesday there will be renewed effort to enlarge the summer program.

Preceding the May crowning, the presentation of the living rosary will be given by the boy Sodalis. Representing the Our Fathers of the rosary will be: Ronald Derouin, Donald Cayen, Paul Menard, Donald Guimond, Harlan Pepin and William Rodman.

Following the living rosary, procession made up of the girl Sodalis will be held while the boys from the eighth and ninth grades will sing the Litany of the Blessed Virgin in Latin.

## MANISTIQUE

PHONE 155  
111 CEDAR STREETMother To Be Theme  
At First Baptist

"Mother" will be the dominant theme at all of next Sunday's services at the First Baptist church, the Rev. J. D. B. Adams, pastor, announces. The hymns, the choir, anthem, a special prayer and the sermons will deal largely with the place of Mother in the Christian Home.

Preceding the evening service will be a song session in which old hymns "which Mother used to sing" will be sung.

There will be a presentation of gifts to the oldest mother present and the largest family present.

GIVES NOTICE  
OF ELECTIONSchool Balloting To Be  
Held On Monday,  
June 6

Registration dates for the biennial school election are May 22, 23 and 24. Mrs. Alice Reilly, secretary of the Manistique board of education, announces. The registration is for the election June 9.

Any person who is a qualified elector for general elections may vote in school elections, unless there is an issue involving money raising when the vote is restricted to property holders.

All qualified electors, however, must be registered for school elections and if they fail to vote in two successive elections, they are required to re-register.

Persons residing in the first precinct (west side) will register at the Lincoln school, those in the second school precinct (east side) will register at the Lakeside school. Hours for registration are from 3 to 8 p. m.

Terms of Elmer T. Lundstrom and Benjamin Gero Jr., present members of the board will expire this year.

## Briefly Told

**Ministerial Meeting**—The Manistique Ministerial association will meet at 10 a. m. Monday in the Zion Lutheran church.

**Nurses Meeting**—A regular meeting of the Manistique District Nurses' association will be held Monday evening at the home of Mrs. Frank DeCelle, Cedar street. Mrs. George Dupont will be the assisting hostess.

**Rebekah Meeting**—A regular meeting of Agnes Rebekah Lodge, No. 159, will be held Monday evening at 8 in the I. O. O. F. hall. Pot luck lunch will be served, and a silent auction will be held. Members are asked to bring guests.

MANY MATTERSProgram To Beautify  
City Is Urged By  
Watson

Full cooperation with the local Fourth of July celebration committee was vouchsafed by the Manistique-Schoolcraft Chamber of Commerce at a meeting of its board of directors Thursday evening. The board voted to assist the committee but stressed the point that the Chamber was not the official sponsor of the celebration.

D. E. Kasun, manager of the Northern Service bureau, Escanaba, explained the functions and operation of a credit rating system in Manistique. He was asked to appear in Manistique later and explain this same matter to the members of the retail division of the Chamber.

Means of promoting the restoration of the Baraga Mission at Indian Lake were discussed, but it was decided nothing could be done until acquisition of the property by some interested organization could be made. No definite action was taken.

The chamber voted to have informative leaflets printed telling of distances to various points in the area, how to get there and other information tourists are often asking. These leaflets are to be left about the city for free distribution.

Other matters discussed, but not definitely decided on were the question of suitable welcome signs at the approaches of the city, the placing of park benches in different parts of the city and the placing of waste paper containers at various parts of the city.

Russell Watson, president of the chamber of commerce, at the close of the meeting, stressed the need of a definite city beautification program and asked that action be taken at an early date.

The film "Decision," a war department release dealing with the return of war dead from foreign war cemeteries, will be shown at the Manistique high school auditorium at 7:30 Monday evening.

Leonard Muthaupt, veterans counselor, who is making arrangements for the showing of the film, is urgently requesting that nearest of kin of deceased veterans be present at the presentation of the picture.

## Social

A regular meeting of the Hearts Desire club was held recently at the home of Mrs. Mahle Hans, North Fifth street. New members were taken into the club at this meeting. A delicious pot luck lunch was served later. The next meeting will be held May 15 at the home of Mrs. Henry Messer, River Road.

Mrs. A. Putnam  
Wills Residence  
To City Schools

The will of the late Mrs. Arthur S. Putnam will include a bequest to the Manistique public school system of her residence at the corner of South Cedar and Main streets. It is revealed by J. Joseph Herbert, attorney for her estate. Her request was that it be used for "educational and cultural purposes."

Among other bequests to charitable and educational programs were those to the Manistique Boy and Girl Scouts, the Michigan and Audubon societies, the Michigan Humane society and the Northern Michigan Diocese of the Episcopal church.

### ASK VIEWS ON CLOSING HOURS

#### Merchants Want People Of Trade Territory To Solve Problem

Shall Manistique stores remain open Friday evenings? Would the closing of the stores on Saturday afternoons be an inconvenience? These and other questions are puzzling many Manistique merchants who, confronted with prospects of demands for shorter work week on the part of clerks are wondering where the shortening process should begin.

The Manistique - Schoolcraft Chamber of Commerce, seeking to be of assistance in clarifying this matter, is sending questionnaires throughout the trade territory asking answers to the following questions:

Should stores be open Friday evenings and close Saturday afternoons?

Should stores be closed Friday evenings and open Saturday afternoons?

Should stores remain open both Friday evenings and Saturday afternoons?

All retail and service establishments are involved in the questionnaire except filling stations and restaurants.

Persons receiving the questionnaires are requested to read them over carefully, answer the questions and mail the cards back to the chamber of commerce.

### Special Music At First Methodist

Special music dedicated to Mother will enhance the services at the First Methodist church next Sunday morning. Among these special numbers will be a duet, "That Wonderful Mother of Mine," by Miss Shirley Anderson and Mrs. Paul Hanson; and a solo, "Ave Maria," by Mrs. Harold Cowdick. The services will be in keeping with Family Sunday.

### Sgt. Robert Williams Now Staff Sergeant In Nagoya, Japan

Sgt. Robert L. Williams, 23, son of Mr. and Mrs. Fred Williams, 639 Arbutus avenue, Manistique, was recently promoted to the rank of staff sergeant according to an announcement from Fifth Air Force headquarters in Nagoya, Honshu, Japan.

Sergeant Williams enlisted in the Army at Marquette, Michigan in December 1942 and re-enlisted in September 1946. During his first enlistment he served with the Eighth Air Force in the European theater of operations.

Sergeant Williams arrived in Japan in November, 1946 and at present is assigned to the First Communications Squadron attached to Fifth Air Force where he serves as non-commissioned officer in charge of the radio telephone station.

For his service in the European theater Sergeant Williams holds the American theater ribbon with one bronze star, the victory medal and the ETO ribbon.

### City Briefs

Mrs. Mary Ellen McGregor and Mrs. Harry Blinkensop of Watertown, S. D., are expected to arrive here Sunday for a visit at the home of Mr. and Mrs. Gregor McGregor, Chippewa avenue. The former Mrs. McGregor, who has been visiting in Watertown, will reside here.

### MATT SENIORS ARE HONORED

#### Silver Wedding Occasion For Celebration At Kipling

Mr. and Mrs. Matt Senior, 1307 Delta avenue, were honored on Saturday evening at a party celebrating the 25th anniversary of their wedding.

There was a reception at the Kipling town hall, and dancing formed the main diversion. Lunch was served to about 250 persons.

Mrs. Senior was presented with a beautiful corsage and the couple received a purse of silver.

Mr. and Mrs. Senior were married in All Saints Catholic church April 19, 1922, by the Rev. Fr. Bennett.

Arrangements were made by Mrs. John Perman and Mrs. Tony Jugo.

### Obituary

#### FRANK BILLMAN

Funeral services for Frank Billman, 84, aged local resident who died Thursday, are to be conducted at the Kelley Funeral home at 2:30 this afternoon with Rev. Bert Frigberg of the First Baptist church officiating. Burial will be made in Fernwood cemetery.

son and children, Kay and Connie, are spending the week with relatives in Detroit.

Mr. and Mrs. P. H. Beauvais and son, Charles, of Alma, visited here recently at the home of Mr. and Mrs. Carl Carlson, Range street.

Mrs. Otto Buelow and infant son, Dale Howard, were discharged Tuesday from the Shaw hospital. They reside on Arbutus avenue.

### Aerial Pictures

#### May Now Follow Straight Lines

Wright Field, Ohio—Aerial photographs, made in surveys of large areas, may now be taken along straight and parallel lines in the sky. It is done with the aid of a new instrument used in conjunction with the war-developed navigation system known as Shoran.

The new device is an Army development, already tested in flight. Perfected models of the instrument will enable a pilot to fly a 100-mile course without deviation of more than 100 feet.

Shoran itself was developed for the precision bombing of known targets while blacked out by weather or darkness. A plane equipped with special transmitter-receiver apparatus can know its exact position by use of high-frequency radio beams sent out and received back from two land-based stations. The apparatus computes the location automatically by triangulation. The system has now been adapted to use in making aerial surveys of great tracts of land.

Bargains you want on Classified Page.

### Briefly Told

**Choir Rehearsal**—The choir of the Mission Covenant church will meet at the church at 7 tonight for rehearsal.

**Potluck Dinner**—The dinner at the Eastern Star-Masons get-together next Tuesday evening will be of the potluck variety. Mrs. Ray Gazlay said yesterday. Persons wanting additional information on the party may call 6101 or 6702.

**Game Night**—The Gladstone Bethel of Job's Daughters are sponsoring a game night at the Masonic hall at 7:30 Monday evening to which the general public is invited. There will be a nominal admission charge. Lunch will be served.

**Given Ticket**—Lester LaBum-bard of Ensign was given a ticket by Michigan State Police for driving an auto which had defective lights, no muffler or brakes. He has ten days in which to visit Justice of Peace O. C. Estenson.

### School Damage Is Admitted By Boys

Three minor youths, 12 to 15 years of age, were taken into custody for malicious destruction of property at the Ford River Mills school. Seven windows were broken in the structure and investigation by Michigan State Police disclosed it to be the work of three boys.

Parents of the boys have agreed to make restitution and the boys are being paroled in the custody of their parents.

### Door-knob Rattler Frightens Women

A report that for the past several weeks there have been a series of door-knob rattlings at various homes in Brampton and vicinity which have frightened women is being investigated by state police.

### Engadine

#### Personals

Engadine, Mich.—Mrs. Joseph Brown and two children of St. Ignace spent four days visiting last week with her sister Mrs. Leonard Perkins.

**X-Ray Unit Coming**  
The Michigan Tuberculosis Association Chest X-ray Unit will be in Engadine on Thursday May 15. The unit with Arnold Linden X-ray technician, will be in the Engadine school from 9-12 a. m. If you have been advised to have a yearly X-ray this is your opportunity to do so. In case there are any questions or special problems regarding this, please contact the Mackinac County Health Nurse, Margaret Williamson, in Newberry.

Iowa is the leading pop-corn producing state, with Indiana second.

By Martin

### C-C DIRECTORS ARE SELECTED

#### Ballots Are Tabulated; Body May Sponsor Nat'l Roleo

Ballots cast for directors for the newly organized Chamber of Commerce were tabulated at a meeting in the city hall Thursday evening and the results were announced yesterday by Joseph J. Poffenberger, president of the C-C.

Selected for three-year terms were Charles Burton, George Mathison, O'Neill D'Amour, Dr. George Kelly and Attorney G. W. Jackson; named for two-year terms were James T. Jones, Stanley R. Venn, Horace Gibbs, R. A. Hale and Robert Hupp, while John P. Vogt, John M. Olson, Walter Lied and Dr. O. S. Hult were chosen for one-year periods.

The directors will meet in the near future and name a vice president, and treasurer. Selection of a full-time secretary also will be up to the board.

Discussion was made of the question of the Chamber underwriting or taking over and sponsoring the National Roleo, Homecoming and Firemen's tournament and the attitude of members present appeared favorable, it was stated.

### Social

#### Double Birthday Party

Karen and Charlene, daughters of Mr. and Mrs. Charles Laurik Jr., of Trenary celebrated their birthdays Sunday at the home of their parents, with a party. Karen was five years old; Charlene four. Games were played and prizes were won by Roberta Lustick, Kathryn Bartelle, Robert Knauss, and Joan Lustick. Lunch was served, highlighted by a large birthday cake. Little friends present included Joan and John Lustick, and Kathryn Bartelle of Traunk, Sharon Methot, Laurel and Helen Martin and Shirley Hansen, of Trenary, Patsy Potvin of Gladstone, Dawn Shirley Mills of Rapid River, and Billy Laurik, brother of the two guests of honor.

#### Coterie

Mrs. C. A. Clark will be hostess to the members of the Coterie at her home, 807 Michigan avenue, at 3 Tuesday afternoon. Roll call will consist of "India Today," A review of the book, "The Mahatma and The World" by K. Shridharani is to be given by Mrs. William Marble and Mrs. G. R. Emson will present the book, "The Brocade Sari" by Ishvanti.

### City Briefs

The condition of Mary Kay Hamilton, Ann Arbor, who is confined by illness to the home of her grandparents, Mr. and Mrs. Ben Butler, is considerably improved.

Mr. and Mrs. Robert Leonard and children left yesterday noon for Lake Linden where they will spend four or five days with Mr. Leonard's parents, Mr. and Mrs. John Leonard.

Mr. and Mrs. Frank Ottlinger have moved from 823 Dakota avenue to 505 Wisconsin avenue.

### Women Golfers To Meet At Yacht Club

A meeting of the ladies of the Gladstone Golf club is to be held at the Yacht club at 2:30 Tuesday afternoon. All members are asked to be present as there is important business to discuss.

## DEATH CLAIMS MRS. GLENFIELD

### Funeral Rites Monday For Aged Pioneer Resident

Mrs. Mary Glenfield, 82, wife of August Glenfield, highly respected pioneer resident of Gladstone, passed away at the family home at 1302 Michigan avenue early Friday morning.

Mrs. Glenfield had been in failing health for some time and her death, while not unexpected, came as a shock to her many friends in this community.

Mrs. Glenfield was born Mary Sword in Varmland, Sweden, December 11, 1864 and as a young woman came to America and Minneapolis. She came to Gladstone in 1890, the year of her marriage, and has resided here continually since. Having resided here for 57 years, coming here just three years after Gladstone's founding, Mrs. Glenfield, in point of years of residence, was one of Gladstone's oldest citizens. The couple celebrated their golden wedding anniversary in 1940.

Surviving are the widower, August; three daughters, Ellen and Violet at home, and Mrs. Ole (Ira) Wedar of Escanaba; a sister, Mrs. Charles Johnson of Lynn, Mass., and two brothers, Oscar Sword, Bath, Maine, and Andrew Sword, Proctor, Vermont.

The body was removed to the Kelley Funeral home where it will rest in state beginning at 3 Sunday afternoon.

Funeral services will be conducted at the funeral home at 2 Monday afternoon, the Rev. Clifford Peterson, pastor of the First Lutheran church, officiating. Burial will be in the Fernwood cemetery.

Bargains you want on Classified Page.

## All Saints Eighth Graders Entertain Mothers Thursday

The eighth grade class of All Saints' school presented a program for their mothers Thursday in the school hall.

Following the program a luncheon was served to all present after which the mothers met to plan a party for the 8th grade graduates on June 1.

The program: Ave Maria, Caesar Frank, class; The Carpenter, choral reading, boys; Questionaire, choral reading, girls; Trees, song by Joyce Kilmer, class; Mother or Dad, a play presented by Carol Reynolds, Roberta Rabbity, Joan Beveridge, Vivian LeBelle, James LaLonde and John Bishop; and Class Prophecy, composed by Janet LaCasse, Barbara Switzer, Joan Beveridge and Carol Reynolds, and read by Barbara Switzer; A Toast to Mothers, Maxine Bedard. Madonna Rivers accompanied the vocalists.

After 20 years in the U. S. Army a first or master sergeant may retire with a life income of \$107 a month, after 30 years with an income of \$185 a month.

### CARD OF THANKS

We wish to extend our sincere thanks for the kindness and sympathy tendered us at the time of our recent bereavement, the death of our beloved wife and mother. We are especially grateful to those who sent floral bouquets, offered autos for the services, to the pallbearers and to all others who by word or deed assisted us at this time. The memory of these acts will long remain with us.

Signed:  
Alfred Johnson  
and Family

# Eskymo Nine Wins, 2-1; St. Joe Plays Negaunee Miners Today

**ESKIMO TRACKMEN IN ACTION TODAY**—Billy Smith and Don Bichler, Escanaba high school broad jump and 880 men respectively, are hoping they'll be wearing these wide smiles after the Manistique invitational track and field meet in Manistique this afternoon in which the Escanaba Eskymos, 27 strong, will compete with 11 other school teams. Both are lettermen veterans from the 1946 track squad. Smith will run the 220 leg of the medley relay and broad jump and Bichler will compete in the half-mile.

## CHISOX EDGE DETROIT, 2-1

**Defeat Drops Tigers Back To Second Place**

Chicago, May 9 (P)—The Chicago White Sox moved back to the top of American league standings by edging Detroit, 2-1, here today for the eleventh Sox victory in 18 games. Orval Grove pitched a seven hitter for Chicago.

The White Sox scored their first run in 27 innings in the second inning when Lloyd Christopher opened with a single against Hal Newhouse, who allowed nine hits. Dave Philley singled Christopher to third. Christopher scored while Cass Michaels was forcing Philley at second.

Detroit pulled into a 1-1 tie in the sixth. Dick Wakefield singled with one out and scored on Pat Mullin's second double of the afternoon and his 10th of the season.

The Sox pushed over the winning run in the seventh. Don Kolloway, sitting in at third base for ailing Floyd Baker, opened with a single. Luke Appling sacrificed him to second. Murrel Jones then looped his second single into center, scoring Kolloway.

**Fireball Feller Holds Hits To 4; Browns Drop 7th**  
St. Louis, May 9 (P)—Joe Gordon's eleventh-inning single scoring manager Lou Boudreau gave the Cleveland Indians a 4-3 victory over the St. Louis Browns tonight with the Fireball Feller limiting the Browns to four hits. It was the seventh straight loss for the Browns.

Gordon's telling blow was off of Ellis Kinder, who relieved Cliff Fannin in the eleventh when the latter tired.

All of the Browns' runs and three of their hits came in the fifth inning, with Al Zarilla getting a triple, Walt Judnich a double and catcher Jake Early a single. Jeff Heath drew a base on balls to start the uprising.

Feller had faced only three men in each of the first four innings.

First baseman Les Fleming drove in Cleveland's first two runs, and scored another on Ken Keltner's double.

Cleveland 102 000 000—3 10 0  
St. Louis 000 030 000—3 4 2

## Jet Pilot, Phalanx Favored In Preakness

**ESCANABA HAS .500 STANDING**

**Johnson Gets Two Hits As Brayak Gives Up Only One**

Behind the one-hit hurling of Nick Brayak, the Escanaba Eskymos entered the win column with a 2-1 victory over the Negaunee high school Miners before a small crowd at City diamond yesterday afternoon.

Coach Vance Hiney's Miners took a short-lived lead when Catcher Wilbert Rasmussen scored in the first inning on Catcher Gorsch's wide throw in a play at third after getting on first on an error and stealing second and third.

The Eskymos bounced right back in the last half of the second, however, to score two runs, both on Miner errors, to take a 2-1 lead that they nursed the rest of the way.

Schills tallied the tying run after reaching first on Pitcher George Kelland's error and advancing when Rasmussen bobbled Ronald Johnson's bunt down the first base line. He came in on a wide throw at home plate. Buckland scored the clincher on Negaunee's third successive error of the frame.

Both hurlers went the route, Brayak fanning eight and lanky Kelland whiffing seven Eskymos. Brayak walked three Miners, while Kelland issued no free passes.

Dick Lough got a bingle in the third but died on base, as did Johnson after doubling in the fourth and collecting a single in the sixth frame to earn hitting honors for the day.

Brooklyn at Philadelphia—Melton (0-0) vs. Rowe (4-0)

**Braves Whip Giants, 6-2**  
New York, May 9 (P)—Warren Spahn's pitching and an early attack on Bill Voiselle were enough to keep the Boston Braves in the thick of the race for the National League lead today with a 6-2 victory over the Giants. But New York's Clint Hartung and Johnny Mize provided most of the fireworks for a chilled crowd of 5,894 cash customers and 5,000 school children.

Spahn gave up only eight hits in winning his fourth straight mound victory and two of them were Mize's ninth home run of the season and Willard Marshall's third. Both came with bases empty after the Braves had driven Voiselle to cover with a six-run assault in the first three innings.

Hartung, whose big league debut this spring was attended with reams of publicity about his hitting and pitching in the Army, made a highly successful first appearance on the mound for the Braves. He gave up only two hits and no runs in the last six innings, fanned five Braves with his fast ball and newly-acquired curve and walked only three.

Boston ..... 204 000 000—6 10 0  
New York ..... 000 010 010—2 8 3  
Spahn and Masi; Voiselle, Ducknick, Hartung and Cooper.

**MSC Nine Meets West Michigan**  
East Lansing, May 9 (P)—Don Harris, Michigan State College right-hander, will oppose left-hander Ed Rossi of Western Michigan when the Broncos pay a return visit to the Spartan diamond Saturday.

Harris, in a relief role, was touched for five hits in five innings when Western tripped the Spartans last week at Kalamazoo, 9-1. Rossi was the winner in that game, limiting M. S. C. to but six hits.

Bert Hass of Cincinnati stole 22 bases last year to rank second in National League thefts.

**1-2 Derby Finishers Are Rated At 2 To 1**

**BY SID FEDER**  
Baltimore, May 8 (P)—Amid last-minute support for Faultless to give Jet Pilot and Phalanx a real "rassie" for the pot, a field of 11 three-year-olds was entered today for tomorrow's 57th running of the Preakness.

Headed by the first five finishers in last week's derby—Jet Pilot, Phalanx, Faultless, On Trust and Cosmic Bomb, in that order—the three-year-olds will run for the glory, the necklace of black-eyed Susans and a pay check that will be just about within income tax range of \$100,000.

Along with the fancy five, there are pint-sized Bullet Proof, the Virginia-bred who was a mud-weyer seventh in the derby and who has practically been adopted by Marylanders; Riskolater who was 11th; Contest, a green, but giant-sized Texas-owned stepper; King Bay, the undertaker's horse from Louisville with the express-train speed, and a couple of front-

runners of uncertain staying ability, Secnav and Cornish Knight. They'll all come parading out to the post at 4:10 p. m. (Central Daylight Time) tomorrow as the traditional 'Maryland, My, Maryland' rolls out over what Pimlico counter-uppers confidently forecast will be a new Preakness record crop of 45,000 or so.

Because of his derby dash, of course Jet Pilot, the front-running entry of the lipstick princess, Elizabeth (Arden) Graham, stands up as the one to beat. Silent Tom Smith, his trainer is more confident that the Pilot will be home this time than he ever was last week.

The argument went on in crowded Baltimore tonight, as it has all week, that Phalanx may be the favorite and the one to beat for this one.

He and the Pilot, in fact, figure to come out on Ol' Hilltop's racing strip pretty close to co-favorites at about 2 to 1.

**The Sports Parade**  
**BY JIM WARD**

This department herewith dispatches an earnest plea to all managers of Rainbow Baseball league teams to give their utmost cooperation to us in supplying full coverage of Rainbow games this season for the benefit of Escanaba Daily Press sports readers.

Copies of the league schedule and by-laws have been sent to all managers by genial Gene Short, loop secretary and sports statistician, and everything is set for the start of hostilities Sunday, May 18, when the Escanaba Bears open with a home game against Chatham.

Through the cooperation of their respective team managers, Press correspondents Tom Bolger at Gladstone, J. R. Lowell at Manistique and Stan Erickson at Manistique will supply box scores and pertinent data for their communities on both home and out-of-town games. Trenary and Chatham managers are asked to telephone collect directly to the Press office in Escanaba, number 692, to give us the box scores.

Because of space limitations, it is proposed to let line scores suffice for games not involving teams in this area, unless, of course, the game has an unusual twist and, thus, greater reader interest. We regret that it will not be possible to carry all box scores, but at least the plan is worth a try.

It is possible this plan will be altered as the season progresses, but the spring athletic schedule is heavy and would not permit publication of five box scores, plus coverage of major league play, considerable softball activity in this area, track, tennis, golf, Hiawathaland festival events and the bulk of sectional, national and international sports that daily cross the desk.

**OPENING GAME FOR NESS MEN**

**Either Menard, Hirn To Pitch For Escanaba Parochials**

Coach Alvin P. Ness' St. Joseph's parochial school nine will open its six-game schedule at City diamond here this afternoon against the Negaunee high school Miners, who yesterday bowed to Escanaba high, 2-1. The game will start at 2.

Either Ray Menard or Charles Hirn, both righthanders, will be on the mound for the St. Joe nine, with Bob Ramspeck backing up home plate. Coach Vance Hiney said yesterday he had not determined which one of four Miners hurlers he would start today.

Charley Gafner, centerfield, will lead off the batting order. Gerald Harris, shortstop, is in the No. 2 slot and Don Lewis, leftfield, will bat No. 3, with Carl Fassbender, rightfield, in the cleanup slot.

The remainder of the batting order follows: Bob Ramspeck, catcher; Gerald Tanguay, first base; Jim Marsieck, third base; Paul LaViolette, second base.

Utility St. Joe players are Joe Sullivan, pitcher and infield; Jack Miron, first base; John Stropich and Jim Douglas outfielders.

Players are numbered as follows: Gafner, 16; Harris, 23; Lewis, 24; Fassbender, 25; Ramspeck, 22; Tanguay, 21; Marsieck, 19; LaViolette, 17; Menard, 18; Hirn, 29; Sullivan, 20; Miron, 27; Stropich, 29, and Douglas, 28.

**Bowling Notes**  
The Escanaba Elks climaxed this season with a bowling tournament, with 22 teams, 41 doubles and 61 singles contestants taking part.

This is how they finished:  
**Five-Man**  
Van Mills 3057, Five Spots 3026, Mags. Ignites 2999, Gas Peddlers 2981, Pooker Hounds 2942, Has Beens 2932, L&L 2929, High Spades 2919, Elks 34 2896.

Al Harris won the all events with 1942.

**Manistique Men's League**  
Eckberg's Tavern was the winner in the second final of the Manistique men's central bowling league at LaFolles Wednesday evening, winning over the Manistique Laundry, 2,593 to 2,617. The winning team was awarded a championship trophy.

**Hermansville Opens Against Bark River**  
Hermansville, May 9—Inclement weather has curtailed the Hermansville city baseball team practice sessions in preparation for the opener against Bark River nine here May 18.

Drills so far have been limited to warm-up sessions and light batting.

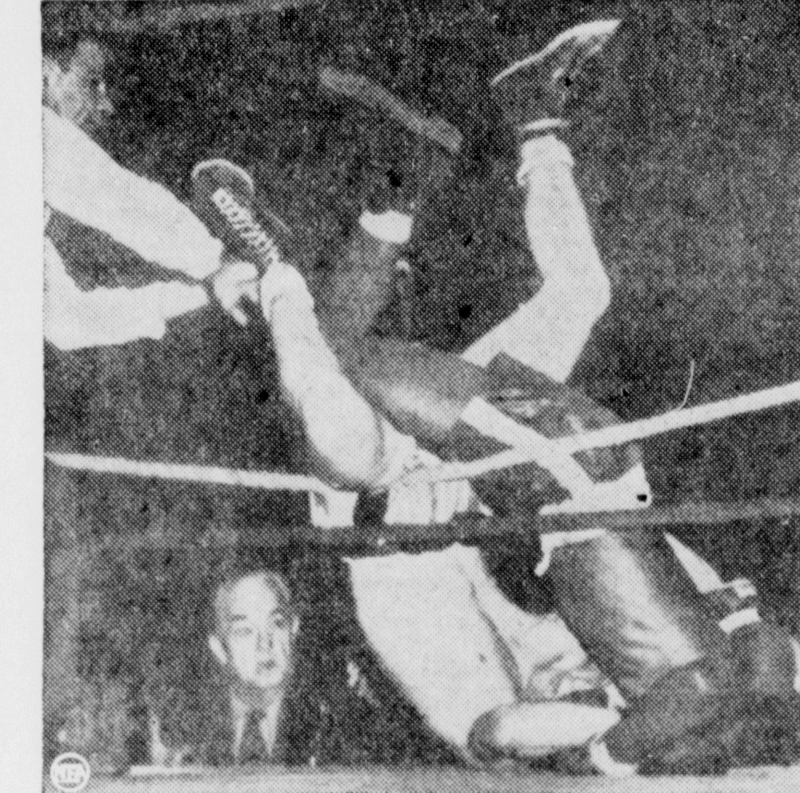

Manager Harold Stecker already has begun signing up his squad and has indicated that lefty Steve Machalk will do the hurling and Leroy Floriano to do the back stop job for the opening game. Other candidates for starting positions include George Earle, Mike Machalk, Reno Fochesato, John Dani, Bruno Maull, Tuellio Marana, Glenn Fleetwood, Frank Rodman and John Pieropon. Tony Machalk and Bruce Kelly are expected to join the drills later next week.

A large crowd is expected to attend the opening game of the season. Appropriate opening day ceremonies will be staged prior to the game.

**ILLINI WIN 7 OF 9**  
Minneapolis, May 9 (P)—Illinois made it seven victories out of nine Big Nine baseball conference starts here today with a 2-1 defeat of Minnesota. Marv Rotblatt, on the mound for the visitors, pitched his fifth consecutive winning contest. The two teams meet again Saturday.

**COLLEGE BASEBALL**  
Notre Dame 7, Indiana 0  
Illinois 2, Minnesota 1  
Ohio State 3, Iowa 2  
Chicago 3, Valparaiso 1  
Michigan 6, Purdue 5  
Wisconsin 6, Northwestern 5

Bert Hass of Cincinnati stole 22 bases last year to rank second in National League thefts.

**MEN OVERBOARD**—Eddie Marotta and Willie Keeling, Cincinnati featherweight, execute impromptu headstands after going through the ropes during Amateur Boxing Trainers' Medical Fund show at Cleveland Arena. Marotta won the decision.

**Rally In Eleventh Beats Dodgers, 6-5 At Philadelphia**

Philadelphia, May 9 (P)—The Philadelphia Phillies pulled the Brooklyn Dodgers down from first to third place in the National League standings tonight with an eleventh inning rally for a 6-5 victory before 22,680 frustrated fans.

Emil Verban's two-base smash to left drove Andy Seminick home with the winning marker. Brook. ... 000 100 040 00—5 10 1  
Phil. ... 050 000 000 01—6 8 1

Gregg, Branca (2) and Edwards; Judd, Leonard (8) and Seminick.

**Cards Get Another Blow; Musial Will Have Appendectomy**

New York, May 9 (P)—The World Champion St. Louis Cardinals, already beset with multiple troubles, suffered a further serious blow today when their great first-baseman, Stan Musial, was found to have acute appendicitis and was ordered to undergo an immediate operation.

Musial, left behind when the rest of the Cards trained for Pittsburgh this morning, booked passage on a plane leaving here late today for St. Louis, hopeful that an additional examination by the club's physician, Dr. Bob Hyland, would gain him permission to postpone the surgery.

"I'd hate to leave the line-up right now," Musial lamented. "It isn't hurting much today. There's just a dull pain all the time."

Dr. C. R. Palmer, house physician at the New Yorker hotel where the Cardinals stop, recommended that Musial go on the table at once and yielded only reluctantly to the player's plea that he be permitted to fly to St. Louis.

Musial, voted the most valuable player in the National League last year, became ill yesterday and did not participate in last night's game between the Cards and the Brooklyn Dodgers. He will be out for a month.

Registration forms may be procured at the city recreation center. Managers and team captains are reminded that team rosters must be turned in without delay. League play will get underway May 15.

Starting Monday, teams will practice after school at Royce Park in preparation for opening games. Teams will play league games after school and on Saturday until school is out in June, at which time afternoon games will begin.

**Junior Baseball Players Practice Here This Morning**  
Escanaba junior baseball practice will be held at Royce Park at 10 this morning, and all young players up and including 17 years of age who have not yet registered are urged to attend, Jerome DeLoria, in charge, announced yesterday.

Both The Taste and Aroma Say—

## HARSH ITALIAN TREATY UPHELD

Senate Committee Gives Approval To Four European Pacts

Washington, May 9 (AP)—The peace treaty for Italy, tagged "too harsh" by many Italian-Americans as the best possible, won 13 to 0 approval of the Senate foreign relations committee today.

A like vote also sent to the senate the peace treaties for Romania, Hungary and Bulgaria. A two-thirds vote is necessary for senate ratification and President Truman has urged immediate action.

Final approval by all the big powers would mean the withdrawal of occupation troops except for communications forces linked to the Russian zone of Austria.

Main opposition to the Italian treaty, which was hammered out by Big Four foreign ministers in Paris and New York, centered on its demilitarization clauses.

Critics say that this virtual scrapping of Italy's army and navy plus de-fortification of her northern boundary would open the strategic peninsula to the same sort of communistic encroachment President Truman opposes in Greece and Turkey.

However, Mr. Truman told the committee through Secretary of State Marshall that he does not share this view.

Objections were raised, too, to the reparations bill—\$125,000,000 to Yugoslavia, \$105,000,000 to Greece, \$100,000,000 to Russia, \$25,000,000 to Ethiopia and \$5,000,000 to Albania.

## Sally Rand Starts 4-Year Scholarship, Honors Scholar

Champaign, Ill., May 9 (AP)—Sally Rand, who wiggled to fame behind a fan and a balloon, came out in the open today with \$1,000 for higher education.

Sally, who currently is wishing her fans in her traveling girl show at Decatur, Ill., said she and another show owner would jointly finance a \$1,000, four-year Harold "Red" Grange scholarship at the University of Illinois in honor of the former football star. Grange entered the university 25 years ago this year.

Grange, who is slated to receive the scholarship fund in Chicago Wednesday on behalf of the Chicago Illinois Club said, "If Sally's fans can help fan somebody through a four year education, I think that's great."

## Reds Didn't Need Allies For Victory, Army Paper Claims

Moscow, May 9 (AP)—Millions of Russians today celebrated victory day as the Soviet press asserted Russia's determination to progress despite the "hate and underground dealings of our enemies—the enemies of communism."

Most of the holiday editorials lauded the Russian armed forces, and the army newspaper Red Star declared that the Soviet army could have occupied all of Germany without aid of the Allies and liberated France as well.

## Lead Vein Found At Shullsburg, Wis.

Shullsburg, Wis., May 9 (AP)—Grayson McNaughton doesn't plan on completing the basement to his home.

Digging away busily recently McNaughton struck a vein of almost pure lead which assayed at 85 per cent pure and valued at \$300 a ton.

"To heck with the basement," said McNaughton, "I'm going to go some mining."

## NEBRASKA RATIFIES

Lincoln, Neb., May 9 (AP)—The Nebraska legislature today ratified a proposed Federal constitutional amendment to limit the tenure of the president to two terms.

The voice vote, after a motion to kill had been rejected, was 26-6 in favor of ratification.

## CHICAGO PRICES

New stocks: California 100-lb. long whites, \$3.55 to \$3.70. (All U. S. No. 1 quality.)

**CHICAGO LIVESTOCK**  
Chicago, May 9 (AP)—Livestock closed an active week today on the generally upward tendency of the price structure. Hogs were steady to 50 cents higher, cattle firm at the week's advance, and sheep scarce but quotably steady.

Good and choice barrows and gilts ranged between \$20.00 and \$24.75 with the top going up to \$25.00. Sows brought \$18.00 to \$18.75. Shippers bought 1,000 head of the 4,000 on sale, packers pushing the total receipts to 7,000 with arrival of 5,000 direct consignments.

Beef cattle were practically missing from the run. Medium to low choice offerings of steers made \$21.00 to \$23.75, the top, while good mixed yearlings took \$23.25 to \$24.50. Cows, the main share of the receipts, sold up to \$17.00, weighty bulls up to \$17.50, and vealers to \$26.00.

Just good woolled lambs and good and choice clipped lambs with No. 1 pelts brought the same price, \$22.00, and native slaughter ewes were \$10.50 for woolled and \$9.00 for shorn kinds.

## STATE POLICE BUDGET ASKS 200 NEW MEN

(Continued from Page One)

on the basis of 1945-46 sales tax collections, rather than those of the current year as sought by school groups.

"The first appropriation should be not less than a sum equal to 44.77 percent of the total state sales tax revenue collected during the fiscal year 1945-46, which is \$51,705,633.05," the attorney general's opinion said.

Black also held that as "the people, by the amendment (sales tax diversion) have directed the making of annual appropriations x x x," Governor Sigler is "duty bound" to call special legislative sessions in "even numbered years," when the chambers do not ordinarily meet.

The Senate's system for balancing the budget was disclosed today by Senator James T. Milliker of Traverse City, taxation committee chairman.

Milliken pointed out that the reduction in school appropriations coupled with \$5,000,000 the state could save by creating a single state-wide school district, would bring the state within \$30,000,000 of balancing the budget.

Under the single school district plan, the cost of normal colleges and other educational programs could be charged to the school aid appropriation, he said.

## Shooting Lawmaker To Get Sanity Test At Oklahoma City

Oklahoma City, May 9 (AP)—A sanity hearing will be held tomorrow for state representative Jimmie Scott, charged with assault with intent to kill state senator Tom Anglin in the Oklahoma senate chamber Wednesday.

This decision was reached after a conference between Oklahoma county judge C. J. Blinn; Warren Edwards, county attorney; W. N. Mounger, an assistant county attorney and Scott's attorneys—David Shapard and W. R. Wallace, Jr.

Wallace said no attempt would be made to post bond of \$5,000 for the 35-year-old former Marine until after the hearing, scheduled for 10 a. m. (C.D.T.).

Scott pleaded innocent to the charge at arraignment late yesterday. His home is at Holdenville, where Anglin lives.

The 64-year-old victim was reported recovering.

## LATE MICHIGAN WINTER TO END

Temperatures Rise And Skies Clear After Four-Day Chill

(By The Associated Press)

Rising temperatures and clear skies will put a stop to Michigan's unseasonable, four-day May cold wave Saturday, weather forecasters promised today (Fri.).

The weather bureau in Detroit said the mercury would climb above 50 degrees all over the state by Saturday afternoon after another sub-freezing night and may hit near 60 in southern portions.

By Sunday the thermometer is expected to read around 65. The bureau said it would remain clear until late Sunday, when scattered showers will move into the state.

Fishermen and fruit growers were perhaps the hardest hit by the cold, wet weather.

At Lansing the conservation department said fishermen reported only spotty luck angling in swollen streams.

Fruit growers in western Michigan reported some frost damage to sour cherries, but said the lack of warm temperatures had retarded budding and kept the damage to orchards light.

## SERVICE STILL SPOTTY OVER BELL SYSTEM

(Continued from Page One)

contract terms affecting plant workers.

"However, the parties are too far apart at this point to indicate what middle ground may be a basis for settlement," Kotin said.

Company and union plant negotiators agreed to meet again Saturday prepared to discuss "in greater detail modification of their positions," Kotin said.

Meanwhile, in Grand Rapids, Mrs. Florence Karp, a telephone union delegate to Washington meetings indicated Michigan telephone workers would not settle for less than a \$6 increase, the latest union demand.

"The workers will stay out until they are starved into going back," said Mrs. Karp.

Classified Ads cost little but do a big job.

## School Electors Register Today

The board of registration of the Escanaba school district will be in session today from 8 a. m. to 8 p. m. at the junior high school to register electors for the annual election to be held on Monday, June 9.

Electors previously registered need not register again this year. Every American citizen 21 or over who has resided in the school district for 20 days prior to the election and in the state for at least six months is eligible to vote in the school election.

## HOUSE PASSES BILL TO HELP BALK SOVIETS

(Continued from Page One)

By a voice vote, it turned down a proposal to limit to 100 men the size of the military missions which would be sent to teach the Greeks and Turks how to use United States military equipment to be supplied under the bill.

By another voice vote, it turned down a move to limit the aid to Greece alone—a step which would have barred any aid to Turkey.

## World Bank Loans France 250 Million

Washington, May 9 (AP)—The World Bank announced today its first loan—a \$250,000,000 one to France which had applied for \$500,000,000.

The loan money is to be spent on material and equipment to reconstruct and modernize France's iron and steel industry.

It is to run for 30 years and bear 3 1/4 per cent interest, with another 1 per cent going to the bank as a commission, making the total interest cost to France 4 1/4 per cent.

## SUGAR PILES UP IN WAREHOUSES

Next Ration Stamp May Be Validated Before Scheduled July 1

Washington, May 9 (AP)—The next sugar ration stamp may become good earlier than July 1, the originally scheduled date.

Cuban sugar is piling up in eastern seaboard refining centers and the government may change the effective date of the 10-pound stamp to expedite buying of the commodity.

Agriculture department officials said that if more sugar does not move into inland areas and into consumer pantries during the next few weeks, the nation may witness "a sugar famine in the midst of plenty" later in the summer.

They explained that a shortage of freight cars may make it difficult to move sugar from the east after the new wheat crop starts moving to market in June and July. Large number of freight cars will be needed to move the new grain crop to ports for shipments abroad.

Thus, officials said, areas and consumers which put off redeeming their sugar ration stamps and stocking up now might be unable to get supplies then.

The piling up of sugar in the east was said to reflect heavy imports from a Cuban crop which is considerably larger than last year and to a "changed consumer psychology" for sugar.

Officials said consumers are not rushing to stores to buy their allotments as quickly as they did during the war. They said many are putting off purchase of the present ten pound allotment, part of which is designed to cover home canning needs, until they get fruits to put up.

## M. & M. Flying School Licensed

Menominee — A contract has been signed in Detroit between the Veterans Administration and the M. & M. Aviation company permitting the company to operate a flight training school under the GI Bill of Rights. Earlier in the day the Michigan Department of Aeronautics and Eugene B. Elliot, state superintendent of public instruction, had approved the firm's application to operate a flying school at the Menominee county airport.

M-M Manager Leonard Ward and Joseph Fontana, who with Clarence Kass of Birch Creek organized the company, flew to Lansing and Detroit yesterday to complete the arrangements.

Twenty-six veterans of World War II from Menominee and Marinette have enrolled for training in the new flying school which began operations yesterday. The training will be under supervision of Kass, who has 4,500 hours of flying without an accident.

In 1946, Americans spent an average of \$200 per family for alcoholic beverages.

## City Kite Tournney To Be Held Today

The Escanaba youngsters' kite tournament, postponed from last Saturday because of a severe weather, will be held at the State Fairgrounds race track this afternoon, George Grenholm, city recreation director, announced yesterday.

The event is sponsored by the Kiwanis club. There are six different events for all youngsters. All youngsters in the city are invited to enter. Prizes will be awarded.

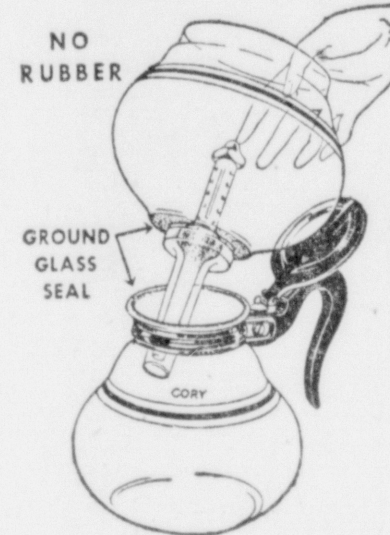

## Last Minute Suggestions

FOR MOTHER'S DAY

### CORY all-glass COFFEE MAKERS

A sensational new vacuum brewer. Not a mere drip pot. Instead of rubber, it uses an exclusive ground glass seal. Safety stand for upper glass. 6-8 cups.

\$5.75

### lovely Crystal cut GLASSWARE

A gift to cherish for years to come. Steamed goblets and sherberts with crystal cut patterns.

95¢ ea.
